Water System Improvement	\$161,770,188	\$161,770,188
Program Total		

PUC capital improvements for the Water System Improvement Program shall be budgeted and approved by project, and may be defined based on regional or functional improvements, and may contain sub-projects to further define components of capital improvements.

Appropriations to capital improvements shall be monitored and controlled by the Controller at the project level. The PUC is authorized to transfer funds within sub-projects with approval of the Controller. The Controller is authorized to transfer funding from existing water improvement projects into the Water System Improvement Program. The Controller shall report to the Board of Supervisors quarterly on any transfers of appropriation authority between PUC projects or sub-projects which would increase the total appropriation of the receiving project or allocated appropriation of the receiving sub-project by more than 10%.

San Joaquin Pipeline System

Expenditures for the San Joaquin Pipeline System project during fiscal year 2005-2006 and the first six-months of fiscal year 2006-07 shall only be for the following: (1) Alternative analysis, including developing a water supply alternative for the Program Environmental Impact Report (PEIR) that meets the estimated increase in level of purchase from the SFPUC by year 2030 from sustainable sources such as renewal groundwater, recycling and conservation and not from the Tuolumne River or other surface water sources; (2) General environmental analysis; and, (3) Developing a policy based on scientific studies regarding Tuolumne river and other water releases to improve the natural habitat.

1 Sunol Valley Water System Improvement Projects

2 Funds from this appropriation will not be allocated to the Alameda Creek Fishery
3 Enhancement project. Any existing funds previously appropriated shall not be used for further
4 design of the Alameda Creek Fishery Enhancement project until the SFPUC reviews and
5 approves a policy related to flows and water releases.

6 Calaveras Dam Replacement Project

7 \$500,000 in expenditures for the Calaveras Dam Replacement project during fiscal year 2005-
8 2006 shall be dedicated for the following: (1) Studies of creek ecosystems, fish, and other
9 watershed habitat.
