18 Be it ordained by the People of the City and County of San Francisco:

19 Section 1. Findings. The Board of Supervisors of the City and County of San
20 Francisco hereby finds and declares as follows:

21 (a) The Planning Department has determined that the actions contemplated in this
22 Ordinance are in compliance with the California Environmental Quality Act (California Public
23 Resources Code sections 21000 et seq.). Said determination is on file with the Clerk of the
24 Board of Supervisors in File No. 100917 and is incorporated herein by reference.

1 (b) On _____, 2009, July 1, 2010, the Planning Commission,
2 in Resolution No. 18127 approved and recommended for adoption by the Board this
3 legislation and adopted findings that it is consistent, on balance, with the City's General Plan
4 and eight priority policies of Planning Code Section 101.1. The Board adopts these findings
5 as its own. A copy of said Resolution is on file with the Clerk of the Board of Supervisors in
6 File No. 100917, and is incorporated by reference herein.

7 (c) Pursuant to Planning Code Section 302, this Board of Supervisors finds that this
8 legislation will serve the public necessity, convenience, and welfare for the reasons set forth in
9 Planning Commission Resolution No. 18127, and incorporates such reasons by reference
10 herein.

11 (d) This ordinance modifies, but does not increase, fees in the Jobs-Housing
12 Linkage Fee and the following Area Plans: Rincon Hill, Market and Octavia, Eastern
13 Neighborhoods, and Balboa Park. Support for those fees is found in the original Board of
14 Supervisor's files corresponding to the adoption of the Area Plans and the fees. Those
15 findings and, where applicable, studies can be found in Board of Supervisors File Nos.
16 050865 (Rincon Hill), 071157 (Market & Octavia), 081153 (Eastern Neighborhoods), 090181
17 (Balboa Park).

18 In addition to modifying the original fees, this ordinance clarifies the City's policy for
19 charging fees on change of use, net addition of use, replacement of use, and/or legitimization
20 of uses. To the extent that the support for these modifications was not provided in the original
21 legislation adopting the Area Plans, the Planning Department has prepared staff reports on
22 this subject that establish the methodology for calculating fees for change of use and
23 legitimization of uses. Those staff reports are on file in Board of Supervisors File No. 100917
24 and are incorporated by reference herein. The Board of Supervisors has reviewed the staff
25 analysis and reports and, on that basis finds that the reports and prior findings and studies

1 done to support the imposition of the original Area Plan fees (together "reports") support the
2 current fees for change of use or legitimization of use. Specifically, the Board finds that the
3 reports: identify the purpose of the fees to mitigate impacts on development in the Area
4 Plans; identify the uses to which the fees are to be put; and establishes a reasonable
5 relationship between the uses of the fees and the need for that community-serving
6 infrastructure. Moreover, the Board finds that the current Area Plan fees are less than the cost
7 of mitigation and do not include the costs of remedying any existing deficiencies. The Board
8 also finds that the reports establish that the current Area Plan fees do not duplicate other city
9 requirements or fees.

10 Section 2. The San Francisco Planning Code is hereby amended by amending and
11 adding Sections 179.1, 401, 413.3, 413.5, 413.6, 413.8, 416.3, 418, 418.2, 418.3, 418.5,
12 418.6, 418.7, 421.1, 421.3, 421.5, 421.7, 422.3, 423.2, 423.3, 423.5, and 428 to read as
13 follows:

14 **SEC. 179.1 LEGITIMIZATION OF USES LOCATED IN THE EASTERN**
15 **NEIGHBORHOODS.**

16 (a) Intent. As a result of the Eastern Neighborhoods Zoning Controls, certain land
17 uses that were previously permitted, particularly office and housing, are no longer permitted.
18 The purpose of this Section is to establish a time-limited program wherein existing uses that
19 have operated without the benefit of required permits may seek those permits. Uses that
20 could be "legitimized" under this Section are those uses which, under the current provisions of
21 this Code and without this Section, could not otherwise seek the required permits.

22 (b) Applicability.

23 (1) Geography. This Section shall apply only to property located in the Eastern
24 Neighborhoods Mixed Use Districts, the SLI District, or any PDR District which is located
25

1 within the boundaries of the Eastern Neighborhoods Project Area pursuant to Section 327.2(j).
2 This Section shall not apply to any Live/Work use as set forth in Section 233.

3 (2) Eligibility. Any use that is the subject of an application under this Section shall
4 be one that is determined by the Zoning Administrator as one which:

5 (A) exists as of the date of the application;

6 (B) would have been principally permitted or permitted with conditional use
7 authorization under provisions of the Planning Code that were effective on April 17, 2008;

8 (C) would not be permitted under current provisions of this Code;

9 (D) is a land use that either:

10 (1) has been regularly operating or functioning on a continuous basis for no less
11 than 2 years prior to the effective date of this Section; or

12 (2) has been functioning in the space since at least April 17, 2008, and is
13 associated with an organization, entity or enterprise which has been located in this space on a
14 continuous basis for no less than 2 years prior to the effective date of this Section;

15 (E) is not accessory to any other use; and

16 (F) is not discontinued and abandoned pursuant to the provisions of Section 183
17 that would otherwise apply to nonconforming uses.

18 (3) Sunset. All applications for a determination of eligibility under Subsection (d)
19 must be received by the Zoning Administrator within three years of the effective date of this
20 Section. If the Planning Department fails to timely issue notice pursuant to Subsection (c), the
21 Zoning Administrator may extend this termination date for an additional period of time not to
22 exceed the number of days that the Department delayed in issuing the notice.

23 (c) Notification of Program Availability. Within 90 days of the effective date of this
24 Section, the Planning Department shall cause notice to be mailed to all owners of property to
25 which this Section applies. Such notification shall consist of an explanation of this program

1 and application instructions and any other relevant information determined by the Zoning
2 Administrator.

3 (d) Application for Eligibility. An application under this Section may include multiple
4 tenancies and/or uses on a property; however, only one application may be made per parcel
5 for the duration of the program. Such application may not involve any expansion or
6 intensification of the use in question. Any proposed expansion or intensification must be made
7 under separate application and is subject to all current provisions of this Code.

8 Any application under this Subsection shall be accompanied by the following materials:

9 (1) Floor plans for the entire building along with specific demarcation of the space
10 proposed for legitimization;

11 (2) evidence supporting the findings required under Subsection (b)(2) above. Such
12 evidence may include but is not necessarily limited to the following: rental or lease
13 agreements, building or other permits, utility records, business licenses, or tax records; and

14 (3) notification materials, including a list of all property owners within 300 feet of the
15 subject property, as set forth in Section 306.3(a)(2) and, to the extent practical, a complete list
16 of all current occupants of the subject property.

17 (e) Determination of Eligibility. The Zoning Administrator shall determine
18 compliance with the criteria set forth in Subsection (b)(2), above, through a written decision.
19 No less than 30 days prior to making a determination, the Zoning Administrator shall mail and
20 post a notice of intent to render a determination as set forth below so that parties other than
21 the applicant are afforded the opportunity to present information which may have bearing on
22 the determination;

23 (1) By mailing notice to owners within 300 feet of the property in question as set
24 forth in Section 306.3(a)(2);

1 (2) by mailing notice to current tenants of the subject property using materials
2 submitted pursuant to Section (d)(3), above;

3 (3) by mailing notice to all individuals or neighborhood organizations having made
4 written request for notification for either (i) applications under this Section or (ii) specific
5 properties or areas; and

6 (4) by posting a notice on the subject property as set forth in Section 306.8.

7 (f) Application to Legitimize. Uses that are determined to be in compliance with the
8 criteria of Subsection (b)(2), above, shall be governed as set forth below. Unless specifically
9 stated by the Planning Commission in the case of a Conditional Use authorization, approval of
10 any application under this Subsection shall be deemed to authorize all aspects of the use and
11 portions of the structure housing the use under the Planning Code. Those portions of the use
12 or structure that do not comply with current provisions of this Code shall be deemed
13 nonconforming uses or noncomplying structures under Article 1.8 of this Code. Action under
14 this Subsection *shall* in no way shall affect the applicability of relevant portions of the Building
15 Code or other portions of the Municipal Code.

16 (1) Those uses which, under the provisions of this Code that were applicable on
17 April 17, 2008, would have either: (i) required Conditional Use authorization pursuant to
18 Section 303 or (ii) been principally permitted but required an allocation of office space of less
19 than 50,000 gross square feet under the Annual Limit pursuant to Section 321(b)(4), may
20 seek such authorization pursuant to all requirements of the applicable Section.

21 (2) Those uses which, under the provisions of this Code that were applicable on
22 April 17, 2008, were principally permitted may seek a building permit in order to legally
23 establish the use. Upon the Department's determination that the application is consistent with
24 the enabling Zoning Administrator's decision, the Planning Department shall approve such
25 permit.

1 (3) Those uses which, under the provisions of this Code that were applicable on
2 April 17, 2008, would have required an allocation of office space of 50,000 or more gross
3 square feet under the Annual Limit, may seek such authorization pursuant to the requirements
4 of Section 321; however, no application may be acted on by the Planning Commission until
5 the termination date of the application period set forth in Subsection (b)(3), above. After that
6 time, Planning Department staff shall take all reasonable steps to schedule pending eligible
7 applications for Planning Commission review based on the order in which a project's
8 determination of eligibility was issued. Nothing in this Section shall preclude the Director of
9 Planning, based on the demand for participation in this program, from limiting the number of
10 projects that appear before the Planning Commission in a given period of time.

11 (g) Fee amount. Any use authorized under Subsection (f) above shall, in addition to any
12 applicable application fees, pay for the area being legitimized the following impact fees:

13 (1) If the use is legitimizing as office, (as defined in Sec. 890.70)

22 ~~sponsor~~ elects to pay a sum or contribute land of value at least equivalent to the in-lieu fee to
23 one or more housing developers to meet the requirements of Section 413.1 et seq. If the
24 sponsor elects this option and the Director of MOH approves it, the housing developer or
25 developers shall be required to construct at least the number of housing units determined by

1 the following formulas for each type of space proposed as part of the development project and
 2 subject to Section 413.1 et seq.:

3 4 5	Net Addition Gross Sq. Ft. Entertainment Space	$\times .000140 = \text{Housing Units}$
6 7	Net Addition Gross Sq. Ft. Hotel Space	$\times .000110 = \text{Housing Units}$
8 9	Net Addition Gross Sq. Ft. Office Space	$\times .000270 = \text{Housing Units}$
10 11	Net Addition Gross Sq. Ft. R&D Space	$\times .000200 = \text{Housing Units}$
12 13 14	Net Addition Gross sq. Ft. Retail Space	$\times .000140 = \text{Housing Units}$

15
16 The housing units required to be constructed under the above formula must be
 17 affordable to qualifying households continuously for 50 years. If the sponsor elects to
 18 contribute to more than one distinct housing development under this Section, the sponsor
 19 shall not receive credit for its monetary contribution to any one development in excess of the
 20 amount of the in-lieu fee, as adjusted under Section 413.6, multiplied by the number of units in
 21 such housing development.

22 (b) Prior to the issuance by DBI of the first site or building permit for a development
 23 project subject to Section 413.1 et seq. the sponsor shall submit to the Department, with a
 24 copy to MOH:

1 (1) A written housing development plan identifying the housing project or projects to
2 receive funds or land from the sponsor and the proposed mechanism for enforcing the
3 requirement that the housing units constructed will be affordable to qualifying households for
4 50 years; and

5 (2) A certification that the sponsor has made a binding commitment to contribute an
6 amount of money or land of value at least equivalent to the amount of the in-lieu fee that
7 would otherwise be required under Section 413.6 to one or more housing developers and that
8 the housing developer or developers shall use such funds or lands to develop the housing
9 subject to this Section.

10 (3) A self-contained appraisal report as defined by the Uniform Standards of
11 Professional Appraisal Practice prepared by an M.A.I. appraiser of the fair market value of any
12 land to be contributed by the sponsor to a housing developer. The date of value of the
13 appraisal shall be the date on which the sponsor submits the housing development plan and
14 certification to the Department.

15 If the sponsor fails to comply with these requirements within one year of the final
16 determination or revised final determination, it shall be deemed to have elected to pay the in-
17 lieu fee under Section 413.6, and any deferral surcharge, in order to comply with Section
18 413.1 et seq. In the event that the sponsor fails to pay the in-lieu fee within the time required
19 by Section 413.6, DBI shall deny any and all site or building permits or certificates of
20 occupancy for the development project until the such payment has been made or land
21 contributed, and the Development Fee Collection Unit at DBI shall immediately initiate lien
22 proceedings against the sponsor's property pursuant to Section 408 of this Article and Section
23 107A.13 of the San Francisco Building Code to recover the fee.

24 (c) Within 30 days after the sponsor has submitted a written housing development
25 project plan and, if necessary, an appraisal to the Department and MOH under Subsection(b)

1 of this Section, the Department shall notify the sponsor in writing of its initial determination as
2 to whether the plan and appraisal are in compliance with this Section, publish the initial
3 determination in the next Commission calendar, and cause a public notice to be published in
4 an official newspaper of general circulation stating that such housing development plan has
5 been received and stating the Department's initial determination. In making the initial
6 determination for an application where the sponsor elects to contribute land to a housing
7 developer, the Department shall consult with the Director of Property and include within its
8 initial determination a finding as to the fair market value of the land proposed for contribution
9 to a housing developer. Within 10 days after such written notification and published notice, the
10 sponsor or any other person may request a hearing before the Commission to contest such
11 initial determination. If the Department receives no request for a hearing within such 10-day
12 period, the determination of the Department shall become a final determination. Upon receipt
13 of any timely request for hearing, the Department shall schedule a hearing before the
14 Commission within 30 days. The scope of the hearing shall be limited to the compliance of the
15 housing development plan and appraisal with this Section, and shall not include a challenge to
16 the amount of the housing requirement imposed on the development project by the
17 Department or the Commission. At the hearing, the Commission may either make such
18 revisions to the Department's initial determination as it may deem just, or confirm the
19 Department's initial determination. The Commission's determination shall then become a final
20 determination, and the Department shall provide written notice of the final determination to the
21 sponsor, MOH, and to any person who timely requested a hearing of the Department's
22 determination. The Department shall also provide written notice to MOH that the housing units
23 to be constructed pursuant to such plan are subject to Section 413.1 et seq..

24 (d) Prior to the issuance by DBI of the first construction document for a
25 development project subject to this Section, the sponsor must:

1 (1) Provide written evidence to the Department that it has paid in full the sum or
2 transferred title of the land required by Subsection (a) of this Section to one or more housing
3 developers;

4 (2) Notify the Department that construction of the housing units has commenced,
5 evidenced by:

6 (A) The City's issuance of site and building permits for the entire housing
7 development project,

8 (B) Written authorization from the housing developer and the construction lender
9 that construction may proceed,

10 (C) An executed construction contract between the housing developer and a general
11 contractor, and

12 (D) The issuance of a performance bond enforceable by the construction lender for
13 100 percent of the replacement cost of the housing project; and

14 (3) Provide evidence satisfactory to the Department that the units required to be
15 constructed will be affordable to qualifying households for 50 years through an enforcement
16 mechanism approved by the Department pursuant to Subsections (b) through (d) of this
17 Section.

18 (e) Where the sponsor elects to pay a sum or contribute land of value equivalent to
19 the in-lieu fee to one or more housing developers, the sponsor's responsibility for completing
20 construction of and maintaining the affordability of housing units constructed ceases from and
21 after the date on which:

22 (1) The conditions of (1) through (3) of Subsection (d) of this Section have been
23 met; and

1 (2) A mechanism has been approved by the Director to enforce the requirement that
2 the housing units constructed will be affordable to qualifying households continuously for 50
3 years.

4 (g) If the project sponsor fails to comply with these requirements prior to issuance of
5 the first certificate of occupancy by DBI, it shall be deemed to have elected to pay the in-lieu
6 fee under Section 413.6 and the deferral surcharge in order to comply with Section 413.1 et
7 seq. DBI shall deny any and all certificates of occupancy for the development project until
8 such payment has been made.

square foot of Residential Space Subject to the Community Improvements Impact Fee as follows; \$8.00 in the Van Ness Market Special Use District; \$4.00 in the NCT District; and \$0.00 in the RTO District.

(b) Other Fee Provisions. This additional affordable housing fee shall be subject to the inflation adjustment provisions of Section 409 and the waiver and reduction provisions of Section 421.4. This additional affordable housing fee may not be met through the in-kind provision of community improvements or Community Facilities (Mello Roos) financing options of Sections 426.3(e) and (f).

1 (c) Exemption for Affordable Housing. A project applicant shall not pay a
2 supplemental affordable housing fee for any square foot of space designated as a below
3 market rate unit under Section 415.1 et seq., the Citywide Inclusionary Affordable Housing
4 Program, or any other residential unit that is designated as an affordable housing unit under a
5 Federal, State, or local restriction in a manner that maintains affordability for a term no less
6 than 50 years.

7 (d) Timing of payment. The Market and Octavia Plan Area Affordable Housing Fee
8 shall be paid before the City issues a first construction document, with an option for the
9 project sponsor to defer payment to prior to issuance of the first certificate of occupancy upon
10 agreeing to pay a deferral surcharge in accordance with Section 107A.13.3 of the San
11 Francisco Building Code.

12 **SEC. 418 (formerly Section 318). RINCON HILL COMMUNITY IMPROVEMENTS**
13 **FUND AND SOMA COMMUNITY STABILIZATION FUND ~~IN DTR DISTRICTS.~~**

14 Sections 418.~~12~~ through 418.7, hereafter referred to as Section 418.1 et seq., set forth
15 the requirements and procedures for the Rincon Hill Community Improvements Fund and the
16 SOMA Community Stabilization Fund. The effective date of these requirements is either
17 August 19, 2005, which is the date that the requirements originally became effective, or the
18 date a subsequent modification, if any, became effective.

19 **SEC. 418.2. DEFINITIONS. See Section 401 of this Article.**

20 **SEC. 418.3. APPLICATION.**

21 (a) Application. Section 418.1 et seq. shall apply to any development project located
22 in the Rincon Hill Community Improvements Program Area

5 Hill Community Infrastructure Impact Fee is applicable to any development project in the Rincon Hill
6 Program Area which results in:

- 7 (1) At least one net new residential unit,
8 (2) Additional space in an existing residential unit of more than 800 gross square feet,
9 (3) At least one net new group housing facility or residential care facility,
10 (4) Additional space in an existing group housing or residential care facility of more than

12 (c) Fee Calculation for the Rincon Hill Community Infrastructure Impact Fee. For
13 development projects for which the Rincon Hill Community Infrastructure Impact Fee is applicable:

- 14 (1) Any net addition of gross square feet shall pay per the Fee Schedule in Table 418.3A, and

12 (d2) Projects Subject to and Fee Calculation for the SOMA Community Stabilization Fee:

13 The SOMA Community Stabilization Fee shall be ~~\$10.95~~\$14.00 per net addition of
14 ~~grossoccupiable~~ square feet of residential use in any development project with a residential use
15 within the Program Area.

16 ~~The Community Infrastructure Impact Fee shall be revised effective January 1st of the year~~
17 ~~following the effective date of Section 418.1 et seq. and on January 1st each year thereafter by the~~
18 ~~percentage increase or decrease in the construction cost of providing these improvements.~~

19 (ee) Option for In-Kind Provision of Community Infrastructure and Fee Credits. Project
20 sponsors may propose to directly provide community improvements to the City. In such a case, the City
21 may enter into an In-Kind Improvements Agreement with the sponsor and issue a fee waiver for the
22 Rincon Hill Community Infrastructure Impact Fee from the Planning Commission, subject to the
23 following rules and requirements:

1 (1) Approval criteria. The City shall not enter into an In-Kind Agreement unless the
2 proposed in-kind improvements meet an identified community need and where they substitute for
3 improvements that could be provided by the Rincon Hill Community Improvements Fund (as described
4 in Section 418.5). The City may reject in-kind improvements if they are not consistent with the priorities
5 identified in the Rincon Hill Area Plan, by the Interagency Plan Implementation Committee (see
6 Section 36 of the Administrative Code), or other prioritization processes related to Rincon Hill
7 community improvements programming. No physical improvement or provision of space otherwise
8 required by the Planning Code or any other City Code shall be eligible for consideration as part of this
9 In-Kind Improvements Agreement.

10 (2) Valuation. The Director of Planning shall determine the appropriate value of the
11 proposed in-kind improvements. For the purposes of calculating the total value, the project sponsor
12 shall provide the Planning Department with a cost estimate for the proposed in-kind improvement(s)
13 from two independent sources or, if relevant, real estate appraisers. If the City has completed a
14 detailed site-specific cost estimate for a planned improvement this may serve as one of the cost
15 estimates provided it is indexed to current cost of construction.

16 (3) Content of the In-Kind Improvements Agreement. The In-Kind Improvements Agreement
17 shall include at least the following items:

18 (i) A description of the type and timeline of the proposed in-kind improvements.

19 (ii) The appropriate value of the proposed in-kind improvement, as determined in subsection
20 (2) above.

21 (iii) The legal remedies in the case of failure by the project sponsor to provide the in-kind
22 improvements according to the specified timeline and terms in the agreement. Such remedies shall
23 include the method by which the City will calculate accrued interest.

24 (4) Approval Process. The Planning Commission must approve the material terms of an In-Kind
25 Agreement. Prior to the parties executing the Agreement, the City Attorney must approve the

1 agreement as to form and to substance. The Director of Planning is authorized to execute the
2 Agreement on behalf of the City. If the Planning Commission approves the In-Kind Agreement, it shall
3 waive the amount of the Rincon Hill Community Infrastructure Impact Fee by the value of the proposed
4 In-Kind Improvements Agreement as determined by the Director of Planning. No credit shall be made
5 for land value unless ownership of the land is transferred to the City or a permanent public easement is
6 granted, the acceptance of which is at the sole discretion of the City. The maximum value of the In-Kind
7 Improvements Agreement shall not exceed the required Rincon Hill Community Infrastructure Impact
8 Fee.

9 (5) Administrative Costs. Project sponsors that pursue an In-Kind Improvements Agreement
10 will be billed time and materials for any administrative costs that the Planning Department or any
11 other City entity incurs in negotiating, drafting, and monitoring compliance with the In-Kind
12 Improvements Agreement.

13 ~~The Planning Commission may reduce the Community Infrastructure Impact Fee for specific~~
14 ~~residential development projects in cases where the Director has recommended approval and the~~
15 ~~project sponsor has entered into an In-Kind Improvements Agreement with the City. In-kind community~~
16 ~~improvements may only be accepted if they are improvements prioritized in the Rincon Hill Plan, meet~~
17 ~~identified community needs, and serve as a substitute for improvements funded by impact fee revenue~~
18 ~~such as street improvements, transit improvements, and community facilities. Open space or~~
19 ~~streetscape improvements proposed to satisfy the usable open space requirements of Section 135 are~~
20 ~~not eligible as in-kind improvements. No proposal for in-kind community improvements shall be~~
21 ~~accepted that does not conform to the criteria above. Project sponsors that pursue In-Kind Community~~
22 ~~Agreements with the City will be charged time and materials for any additional administrative costs~~
23 ~~that the Department or any other City agency incurs in processing the request.~~

24 (1) ~~The Rincon Hill Community Infrastructure Impact Fee may be reduced by the total~~
25 ~~dollar value of the community improvements provided through an In-Kind Improvements Agreement~~

1 ~~recommended by the Director and approved by the Commission. For the purposes of calculating the~~
2 ~~total dollar value, the project sponsor shall provide the Department with a cost estimate for the~~
3 ~~proposed in-kind community improvement(s) from two independent sources or, if relevant, real estate~~
4 ~~appraisers. If the City has completed a detailed site specific cost estimate for a planned improvement,~~
5 ~~this may serve as one of the cost estimates provided it is indexed to current cost of construction. Based~~
6 ~~on these estimates, the Director shall determine the appropriate value of the in-kind improvements and~~
7 ~~the Commission shall reduce the Rincon Hill Community Infrastructure Impact Fee otherwise due by~~
8 ~~an equal amount. No credit shall be made for land value unless ownership of the land is transferred to~~
9 ~~the City or a permanent public easement is granted, the acceptance of which is at the sole discretion of~~
10 ~~the City.~~

11 ~~(2) All In-Kind Improvement Agreements shall require the project sponsor to reimburse all~~
12 ~~City agencies for their administrative and staff costs in negotiating, drafting, and monitoring~~
13 ~~compliance with the In-Kind Improvements Agreement.~~

14 (fd) Option for Financing of In-Kind Community Improvements or payment of the
15 Rincon Hill Community Infrastructure Impact Fee via a Mello-Roos Community Facilities
16 District ("CFD").
17 Applicants may finance In-Kind Community Improvements (subject to subsection (f) above) or
18 payment of the Rincon Hill Community Infrastructure Impact Fee (subject to subsection (c)
19 above) through the formation of a CFD. Applicants who do so shall be responsible for any
20 additional time and materials costs associated with annexation or formation of the CFD,
21 including, Planning Department staff, City Attorney time, and other costs associated with
22 annexation or formation of the CFD. These costs shall be paid in addition to the In-Kind
23 Community Improvements obligation and billed no later than expenditure of CFD bond funds
24 promptly following satisfaction of the In-Kind Agreement or payment of the Rincon Hill
25 Community Infrastructure Impact Fee. In the case of failure by the project sponsor to provide

1 ~~Community Facilities Districts funds to the City according to the specified timeline and terms~~
2 ~~in the agreement, the project sponsor shall be responsible for paying to the City the full Fee~~
3 ~~described in (c) above plus interest (accrued since the date of first site permit) at a rate not~~
4 ~~less than that earned by the City's investment pool over such period as calculated by the City~~
5 ~~Controller.~~

6 (ge) Timing of Fee Payments. The Rincon Hill Community Infrastructure Impact Fee
7 and SOMA Stabilization Fee is due and payable to the Development Fee Collection Unit at
8 DBI prior to issuance of the first construction document, with an option for the project sponsor
9 to defer payment to prior to issuance of the first certificate of occupancy upon agreeing to pay
10 a deferral surcharge that would be paid into the appropriate fund in accordance with Section
11 107A.13.3 of the San Francisco Building Code.

12 (hf) Waiver or Reduction.

13 Development projects may be eligible for a waiver or reduction of impact fees, per Section 406 of this
14 Article. In the event that the Board of Supervisors grants a waiver or reduction under Section
15 406408 of this Article, it shall be the policy of the Board of Supervisors that it shall adjust the
16 percentage of inclusionary housing in lieu fees in Section 827(b)(5)(C) of this Code such that
17 a greater percentage of the in lieu fees will be spent in SOMA with the result that the waiver or
18 reduction under this Section shall not reduce the overall funding to the SOMA community.

19 **SEC. 418.5. RINCON HILL COMMUNITY IMPROVEMENTS FUND.**

20 (a) There is hereby established a separate fund set aside for a special purpose
21 entitled the Rincon Hill Community Improvements Fund ("Fund"). All monies collected by the
22 Development Fee Collection Unit at DBI pursuant to Section 418.3(e) shall be deposited in a
23 special fund maintained by the Controller. The receipts in the Fund are hereby appropriated in
24 accordance with law to be used solely to fund public infrastructure subject to the conditions of
25 this Section.

1 (b) Fund Expenditure.

2 (1) All monies deposited in the Fund shall be used solely to design, engineer,
3 acquire, and develop neighborhood open spaces, streetscape improvements, *public library*
4 *resources and facilities*, a community center, and other improvements that result in new
5 publicly-accessible facilities within the Rincon Hill Downtown Residential (DTR) District or
6 within 250 feet of the District, *except that funds used for "public library resources and facilities"*
7 *may be used to augment services, resources, materials, equipment or facilities at a public library*
8 *outside of the Rincon Hill DTR District or within 250 feet of the District, provided that such library is*
9 *conveniently located such that it will demonstrably serve the increased population of the Rincon Hill*
10 *district*. These improvements shall be consistent with the Rincon Hill Public Open Space
11 System as described in Map 5 of the Rincon Hill Area Plan of the General Plan, and any
12 Rincon Hill Improvements Plan that is approved by the Board of Supervisors in the future,
13 except that monies from the Fund may be used by the Planning Commission to commission
14 economic analyses for the purpose of revising the fee pursuant to Section 418.3 above, to
15 complete a nexus study to demonstrate the relationship between residential development and
16 the need for public facilities if this is deemed necessary, or to commission landscape
17 architectural or other planning, design and engineering services in support of the proposed
18 public improvements, provided they do not exceed a total of ~~\$500,000~~\$250,000.

19 (2) Notwithstanding Subsection (b)(1) above, \$6 million of the Fund shall be
20 transferred to the SOMA Stabilization Fund described in Section 418.7 to be used exclusively
21 for the following expenditures: SOMA Open Space Facilities Development and Improvement;
22 Community Facilities Development and Improvement; SOMA Pedestrian Safety Planning,
23 Traffic Calming, and Streetscape Improvement; and Development of new affordable housing
24 in SOMA. The Board of Supervisors finds that it is in the best interest of the City that the
25 Rincon Hill Community Improvements be built. The Board of Supervisors further finds that the

1 City will be able to build sufficient community improvements for the Rincon Hill Plan Area with
2 the remainder of the money in the Rincon Hill Community Improvements Fund. In the event
3 that the Department demonstrates to the Board that the City is unable to build the
4 contemplated community improvements for the Plan Area, it shall be City policy to designate
5 funds from the general fund received from real estate transfer taxes and property taxes on
6 new development generated under the Rincon Hill Plan Area Plan approved in this ordinance
7 sufficient to finance the rest of the community improvements proposed for the Rincon Hill Plan
8 Area.

9 (3) No portion of the Fund may be used, by way of loan or otherwise, to pay any
10 administrative, general overhead, or similar expense of any public entity, except for the purposes
11 of administering this fund. Administration of this fund includes maintenance of the Fund, time and
12 materials associated with processing and approving fee payments and expenditures from the Fund
13 (including necessary hearings), reporting or informational requests related to the Fund, and
14 coordination between public agencies regarding determining and evaluating appropriate expenditures
15 of the Fund, but shall not include design, engineering, real estate, or planning activities related to
16 projects using Fund expenditures. Expenditures related to administration of the fund shall not exceed
17 4% of the aggregate value of fee payments subject to Section 418.3318-3, including any in-kind
18 agreements. All interest earned on this account shall be credited to the Rincon Hill Community
19 Improvements Fund.

20 (c) The Controller's Office shall file an annual report with the Board of Supervisors
21 beginning one year after the effective date of Section 418.1 et seq., which report shall set
22 forth the amount of money collected in the Fund. The Fund shall be administered by the
23 Planning Commission.

24 (d) A public hearing shall be held by both the Planning and Recreation and Parks
25 Commissions to elicit public comment on proposals for the acquisition of property using

1 monies in the Fund or through agreements for financing In-Kind Community Improvements via
2 a Mello-Roos Community Facilities District that will ultimately be maintained by the
3 Department of Recreation and Parks. Notice of public hearings shall be published in an official
4 newspaper at least 20 days prior to the date of the hearing, which notice shall set forth the
5 time, place, and purpose of the hearing. The hearing may be continued to a later date by a
6 majority vote of the members of both Commissions present at the hearing. At a joint public
7 hearing, a quorum of the Planning and Recreation and Parks Commissions may vote to
8 allocate the monies in the Fund for acquisition of property for park use and/or for development
9 of property for park use, or to approve projects proposed in connection with an agreement for
10 In-Kind or CFD Improvements.

11 (e) The Planning Commission shall work with other City agencies and commissions,
12 specifically the Department of Recreation and Parks, DPW, and the Metropolitan
13 Transportation Agency, to develop agreements related to the administration of the
14 development of new public facilities within public rights-of-way or on any acquired property
15 designed for park use, using such monies as have been allocated for that purpose at a
16 hearing of the Planning Commission.

17 (f) The Director shall have the authority to prescribe rules and regulations
18 governing the Fund, which are consistent with Section 418.1 et seq..

19 **SEC. 418.6. DIRECTOR OF PLANNING'S EVALUATION.**

20 Within 18 months following the effective date of Section 418.1 et seq., the Director of
21 Planning and the Director of MOHMOCD shall report to the Planning Commission, the Board
22 of Supervisors, and the Mayor on the status of compliance with Section 418.1 et seq., the
23 efficacy of Section 418.1 et seq. in funding infrastructure and stabilization programs in the
24 Rincon Hill Program Area and in SoMa, and the impact of the Program on property values in
25 the vicinity of the Program Project Area.

1 **SEC. 418.7. STUDIES.**

2 (a) No later than July 1, 2010, and every five years thereafter, the Director of
3 Planning shall complete a study to determine the demand for infrastructure to serve
4 residential development projects in the Rincon Hill Downtown Residential District ~~downtown~~
5 ~~residential areas~~ and, based on the study, recommend to the Board of Supervisors changes in
6 the requirements for the Rincon Hill Community Infrastructure Impact Fee ~~community improvement~~
7 ~~impact fees~~ imposed on residential development in Section 418.1 et seq. if necessary to help
8 meet that demand.

9 (b) No later than July 1, 2010, and every five years thereafter, the Director of
10 MOHMOCD or his or her designee shall complete a study to determine the demand for
11 stabilization programs in the SOMA area and, based on the study, recommend to the Board of
12 Supervisors changes in the requirements for the SOMA Community Stabilization Fee ~~Rincon Hill~~
13 ~~community stabilization impact fees~~ imposed on residential development in Section 418.1 et seq.
14 if necessary to help meet that demand.

15 **SEC. 421.1. FINDINGS.**

16 A. Market and Octavia Plan Objectives. The Market and Octavia Area Plan
17 embodies the community's vision of a better neighborhood, which achieves multiple objectives
18 including creating a healthy, vibrant transit-oriented neighborhood. The Planning Department
19 coordinated development of the Area Plan objectives around the tenants of the Better
20 Neighborhood Planning process and within the larger framework of the General Plan.

21 The Market and Octavia Plan Area encompasses a variety of districts, most of which
22 are primarily residential or neighborhood commercial. The Area Plan calls for a maintenance
23 of the well-established neighborhood character in these districts with a shift to a more transit-
24 oriented type of districts. A transit-oriented district, be it neighborhood commercial or
25 residential in character, generates a unique type of infrastructure needs.

1 The overall objective of the Market and Octavia planning effort is to encourage
2 balanced growth in a centrally located section of the City that is ideal for transit oriented
3 development. The Area Plan calls for an increase in housing and retail capacity simultaneous
4 to infrastructure improvements in an effort to maintain and strengthen neighborhood
5 character.

6 B. Need for New Housing and Retail. New residential construction in San Francisco
7 is necessary to accommodate a growing population. The population of California has grown
8 by more than 11 percent since 1990 and is expected to continue increasing. The San
9 Francisco Bay Area is growing at a rate similar to the rest of the state.

10 The City should encourage new housing production in a manner that enhances existing
11 neighborhoods and creates new high-density residential and mixed-use neighborhoods. One
12 solution to the housing crisis is to encourage the construction of higher density housing in
13 areas of the City best able to accommodate such housing. Areas like the Plan Area can better
14 accommodate growth because of easy access to public transit, proximity to downtown,
15 convenience of neighborhood shops to meet daily needs, and the availability of development
16 opportunity sites. San Francisco's land constraints, as described in Section 418.1(A), limit
17 new housing construction to areas of the City not previously designated as residential areas,
18 infill sites, or areas that can absorb increased density.

19 The Market and Octavia Plan Area presents opportunity for infill development on
20 various sites, including parcels along Octavia Boulevard known as "the Central Freeway
21 parcels," some parcels along Market Street, and the SoMa West portions of the Plan Area.
22 These sites are compelling opportunities because new housing can be built within easy
23 walking distance of the downtown and Civic Center employment centers and City and regional
24 transit centers, while maintaining the comfortable residential character and reinforcing the
25 unique and exciting neighborhood qualities.

1 To respond to the identified need for housing, repair the fabric of the neighborhood,
2 and support transit-oriented development, the Market and Octavia Plan Area is zoned for the
3 appropriate residential and ~~commercial~~ non-residential uses. The Planning Department is
4 adding a Van Ness Market Downtown Residential Special Use District (VNMDR-SUD) in the
5 Plan Area and establishing a Residential Transit-oriented (RTO) district and several
6 Neighborhood Commercial Transit (NCT) districts. New zoning controls encourage housing
7 and ~~commercial~~ non-residential development appropriate to each district.

8 The plan builds on existing neighborhood character and establishes new standards for
9 amenities necessary for a transit-oriented neighborhood. A transit-oriented neighborhood
10 requires a full range of neighborhood serving businesses. New retail and office space will
11 provide both neighborhood- and City-serving businesses.

12 San Francisco is experiencing a severe shortage of housing available to people at all
13 income levels, especially to those with the lowest incomes while seeing a sharp increase in
14 housing prices. The Association of Bay Area Governments' (ABAG) Regional Housing Needs
15 Determination (RHND) forecasts that San Francisco must produce 2,716 new units of housing
16 annually to meet projected needs. At least 5,639 of these new units should be available to
17 moderate income households. New affordable units are funded through a variety of sources,
18 including inclusionary housing and in lieu fees leveraged by new market rate residential
19 development pursuant to Sections 413 and 415. The Planning Department projects that
20 approximately 1,400 new units of affordable housing will be developed as a result of the plan.
21 New ~~D~~development ~~R~~requires new ~~C~~community ~~I~~nfrastructure.

22 The purpose for new development in the Plan Area is established above (Section
23 421.1(A)). New construction should not diminish the City's open space, jeopardize the City's
24 Transit First Policy, or place undue burden on the City's service systems. The new residential
25 and non-residential construction should preserve the existing neighborhood services and

1 character, as well as increase the level of service for all modes necessary to support transit-
2 oriented development. New development in the area will create additional impact on the local
3 infrastructure, thus generating a substantial need for community improvements as the
4 district's population and workforce grows.

5 The amendments to the General Plan, Planning Code, and Zoning Maps that
6 correspond to Section 421.1 et seq. will permit an increased amount of new residential and
7 *commercial non-residential* development. The Planning Department anticipates an increase of
8 5,960 units within the next 20 years, and an increase of 9,875 residents, as published in the
9 environmental impact report. This new development will have an extraordinary impact on the
10 Plan Area's infrastructure. As described more fully in the Market and Octavia Plan Final
11 Environmental Impact Report, on file with the Clerk of the Board in File No. 071157, and the
12 Market and Octavia Community Improvements Program Document, San Francisco Planning
13 Department on file with the Clerk of the Board in File No. 071157, new development will
14 generate substantial new pedestrian, vehicle, bicycle, and transit trips which will impact the
15 area. The transition to a new type of district is tantamount to the development of new
16 subdivisions, or the transition of a district type, in terms of the need for new infrastructure.

17 The Market and Octavia Area Plan proposes to mitigate these impacts by providing
18 extensive pedestrian, transit, traffic-calming and other streetscape improvements that will
19 encourage residents to make as many daily trips as possible on foot, by bicycle or on transit;
20 by creating new open space, greening, and recreational facilities that will provide necessary
21 public spaces; and by establishing a range of other services and programming that will meet
22 the needs of community members. A comprehensive program of new public infrastructure is
23 necessary to lessen the impacts of the proposed new development and to provide the basic
24 community improvements to the area's new community members. The Market and Octavia
25

1 Community Improvements Program Document provides a more detailed description of
2 proposed ~~C~~community improvements.

3 In order to enable San Francisco to provide necessary public services to new
4 residents; to maintain and improve the Market and Octavia Plan Area character; and to
5 increase neighborhood livability and investment in the district, it is necessary to upgrade
6 existing streets and streetscaping; acquire and develop neighborhood parks, recreation
7 facilities and other community facilities to serve the new residents and workers.

8 While the open space requirements imposed on individual developments address
9 minimum needs for private open space and access to light and air, such open space does not
10 provide the necessary public social and recreational opportunities as attractive public facilities
11 such as sidewalks, parks and other community facilities that are essential urban infrastructure,
12 nor does it contribute to the overall transformation of the district into a safe and enjoyable
13 transit-oriented neighborhood.

14 C. Program Scope. The purpose of the proposed Market and Octavia Community
15 *Infrastructure Improvements* Impact Fees is to provide specific public improvements, including
16 community open spaces, pedestrian and streetscape improvements and other facilities and
17 services. These improvements are described in the Market and Octavia Area Plan and
18 Neighborhood Plan and the accompanying ordinances, and are necessary to meet
19 established City standards for the provision of such facilities. The Market and Octavia
20 Community Improvements Fund and Community *Infrastructure Improvements* Impact Fee will
21 create the necessary financial mechanism to fund these improvements in proportion to the
22 need generated by new development.

23 National and international transportation studies (such as the Dutch Pedestrian Safety
24 Research Review. T. Hummel, SWOV Institute for Road Safety Research (Holland), and
25 University of North Carolina Highway Safety Research Center for the U.S. Department of

1 Transportation, 1999 on file with the Clerk of the Board have demonstrated that pedestrian,
2 traffic-calming and streetscape improvements of the type proposed for the Market and Octavia
3 Plan Area result in safer, more attractive pedestrian conditions. These types of improvements
4 are essential to making pedestrian activity a viable choice, thereby helping to mitigate traffic
5 impacts associated with excess automobile trips that could otherwise be generated by new
6 development.

7 The proposed Market and Octavia Community *Infrastructure Improvements* Impact Fee is
8 necessary to maintain progress towards relevant state and national service standards, as well
9 as local standards in the Goals and Objectives of the General Plan for open space and
10 streetscape improvements as discussed in Section 418.1(F). Additionally the fee contributes
11 to library resources and childcare facilities standards discussed below:

12 Library Resources: New residents in Plan Area will generate a substantial new need for
13 library services. The San Francisco Public Library does not anticipate adequate demand for a
14 new branch library in the Market and Octavia Plan Area at this time. However, the increase in
15 population in Plan Area will create additional demand at other libraries, primarily the Main
16 Library and the Eureka Valley Branch Library. The Market and Octavia Community
17 *Infrastructure Improvements* Impact Fee includes funding for library services equal to \$69.00 per
18 new resident, which is consistent with the service standards used by the San Francisco Public
19 Library for allocating resources to neighborhood branch libraries. Child Care Facilities: New
20 households in the Plan Area will generate a need for additional childcare facilities. Childcare
21 services are integral to the financial and social success of families. Nationwide, research and
22 policies are strengthening the link between childcare and residential growth, many Bay Area
23 counties are leading in efforts to finance new childcare through new development. San Mateo
24 has conducted detailed research linking housing to childcare needs. Santa Clara County has
25 developed exemplary projects that provide childcare facilities in proximity to transit stations,

1 and Santa Cruz has levied a fee on residential development to fund childcare. Similarly many
2 research efforts have illustrated that adequate childcare services are crucial in supporting a
3 healthy local economy, see research conducted by Louise Stoney, Mildred Warner, PPIC,
4 County of San Mateo, CA on file with the Clerk of the Board. The Mayor's Office of Community
5 Development's MOCD's Project Connect Report identified childcare as an important community
6 service in neighboring communities. Project connect did not survey the entire Market and
7 Octavia Plan Area, it focused on low income communities, including Market and Octavia's
8 neighbors in the Mission, Western Addition, and the Tenderloin. The Department of Children
9 Youth and Their Families projects new residents of Market and Octavia will generate demand
10 for an additional 435 childcare spaces, of those 287 will be serviced through new child care
11 development centers.

12 D. Programmed Improvements and Costs. Community improvements to mitigate
13 the impact of new development in the Market and Octavia Plan Area were identified through a
14 community planning process, based on proposals in the Market and Octavia Area Plan on file
15 with the Clerk of the Board in File No.071158, and on a standards based analysis, and on
16 community input during the Plan adoption process. The Planning Department developed cost
17 estimates to the extent possible for all proposed improvements. These are summarized by
18 use type in Table 1. Cost projections in Table 1 are realistic estimates made by the Planning
19 Department of the actual costs for improvements needed to support new development. More
20 information on these cost estimates is located in the Market and Octavia Community
21 Improvements Program Document. Cost estimates for some items on Table 1 are to be
22 determined through ongoing analyses conducted in coordination with implementation of the
23 Market and Octavia Plan Community Improvements Program. In many cases these projects
24 require further design work, engineering, and environmental review, which may alter the
25 nature of the improvements; the cost estimates are still reasonable approximates for the

1 eventual cost of providing necessary community improvements to respond to identified
 2 community needs. The Board of Supervisors is not committing to the implementation of any
 3 particular project at this time. Projects may be substituted for like projects should new
 4 information from the Citizens Advisory Committee, the Interagency Plan Implementation
 5 Committee, other stakeholders, or the environmental review process illustrate that substitute
 6 projects should be prioritized. Cost projections will be updated at a minimum approximately
 7 every five years after adoption.

7 Provision of affordable housing needs are addressed in Sections 413 and 415 of this
8 Code. Additionally subsidized affordable housing may be granted a waiver from the Market
9 and Octavia Community Improvement Fee as provided for in Section 406 of this Article. This
10 waiver may be leveraged as a local funding 'match' to Federal and State affordable housing
11 subsidies enabling affordable housing developers to capture greater subsidies for projects in
12 the Plan Area.

13 E. Sharing the Burden. As detailed above, new development in the Plan Area will
14 clearly generate new infrastructure demands.

15 To fund such community infrastructure and amenities, new development in the district
16 shall be assessed development impact fees proportionate to the increased demand for such
17 infrastructure and amenities. The City will use the proceeds of the fee to build new
18 infrastructure and enhance existing infrastructure, as described in preceding sections. A
19 Community Infrastructure Impact Fee shall be established for the Van Ness and Market
20 Downtown Residential Special Use District (VNMDR-SUD), and the Neighborhood
21 Commercial Transit (NCT) and Residential Transit Oriented (RTO) Districts as set forth
22 herein.

23 Many counties, cities and towns have one standardized impact fee schedule that
24 covers the entire municipality. Although this type of impact fee structure works well for some
25 types of infrastructure, such as affordable housing and basic transportation needs, it cannot

1 account for the specific improvements needed in a neighborhood to accommodate specific
2 growth. A localized impact fee gives currency to the community planning process and
3 encourages a strong nexus between development and infrastructure improvements.

4 Development impact fees are an effective approach to achieve neighborhood
5 mitigations and associate the costs with new residents, workers, and a new kind of
6 development. The proposed Market and Octavia Community *Infrastructure Improvements*
7 Impact Fee would be dedicated to infrastructure improvements in the Plan Area, directing
8 benefits of the fund clearly to those who pay into the fund, by providing necessary
9 infrastructure improvements, needed to serve new development. The net increases in
10 individual property values in these areas due to the enhanced neighborhood amenities
11 financed with the proceeds of the fee are expected to exceed the payments of fees by project
12 sponsors.

13 The fee rate has been calculated by the Planning Department based on accepted
14 professional methods for the calculation of such fees. The Market and Octavia Community
15 Improvements Program Document contains a full discussion of impact fee calculation. Cost
16 estimates are based on an assessment of the potential cost to the City of providing the
17 specific improvements described in the Market and Octavia Plan Area. The Planning
18 Department assigned a weighted value to new construction based on projected population
19 increases in relation to the total population.

20 The proposed fee would cover less than 80% of the estimated costs of the community
21 improvements calculated as necessary to mitigate the impacts of new development. By
22 charging developers less than the maximum amount of the justified impact fee, the City avoids
23 any need to refund money to developers if the fees collected exceed costs. The proposed
24 fees only cover impacts caused by new development and are not intended to remedy existing
25 deficiencies; those costs will be paid for by public, community, and other private sources.

1 The Full implementation of the Market and Octavia community improvements program
2 relies on public, private, and community capital. Since 2000, when the Market and Octavia
3 planning process was initiated, the area has seen upwards of \$100 million in public
4 investment, including the development of Octavia Boulevard, the new Central freeway ramp,
5 Patricia's Green in Hayes Valley and related projects. Additionally private entities have
6 invested in the area by improving private property and creating new commercial
7 establishments. Community members have invested by creating a Community Benefits
8 District in the adjacent Castro neighborhood, organizing design competitions, and lobbying for
9 community programming such as a rotating arts program on Patricia's Green in Hayes Valley.
10 Project sponsor contributions to the Market and Octavia Community Improvements Fund will
11 help leverage additional public and community investment.

12 As a result of the ~~city's~~ new development, projected to occur over a 20-year period,
13 property tax revenue is projected to increase by as much as \$28 million annually when
14 projected housing production is complete. Sixteen million dollars of this new revenue will be
15 diverted directly to San Francisco (see the Market and Octavia Community Improvements
16 Program Document for a complete discussion of increased property tax revenue). These
17 revenues will fund improvements and expansions to general City services, including police,
18 fire, emergency, and other services needed to partially meet increased demand associated
19 with new development. New development's local impact on community infrastructure will be
20 greater in the Market and Octavia Plan Area, relative to those typically funded by City
21 government through property tax revenues. Increased property taxes will contribute to
22 continued maintenance and service delivery of new infrastructure and amenities. The City
23 should pursue State enabling legislation that directs growth related increases in property tax
24 directly to the neighborhood where growth is happening, similar to the redevelopment
25 agencies' Tax Increment Financing tool. If such a revenue dedication tool does become

1 available, the Planning Department should pursue an ordinance to adopt and apply a tax
2 increment district to the Market and Octavia Plan Area even if the Plan is already adopted by
3 the Board of Supervisors and in effect. The relative cost of capital improvements, along with
4 the reduced role of State and Federal funding sources, increases the necessity for
5 development impact fees to cover these costs. Residential and ~~commercial~~ non-residential
6 impact fees are one of the many revenue sources necessary to mitigate the impacts of new
7 development in the Market and Octavia Plan Area.

8 **SEC. 421.3. APPLICATION OF COMMUNITY IMPROVEMENTSINFRASTRUCTURE**
9 **IMPACT FEE.**

10 (a) Application. Section 421.1 et seq. shall apply to any development project located
11 in the Market and Octavia Infrastructure Program Area, ~~which includes properties identified as~~
12 ~~part of the Market and Octavia Plan Area in Map 1 (Land Use Plan) of the Market and Octavia Area~~
13 ~~Plan of the San Francisco General Plan.~~

14 (b) Projects subject to the Market and Octavia Community Improvement Impact Fee. The
15 Market and Octavia Community Improvements Impact Fee is applicable to any development project in
16 the Market and Octavia Program Area which results in:

17 (1) At least one net new residential unit,

18 (2) Additional space in an existing residential unit of more than 800 gross square feet,

19 (3) At least one net new group housing facility or residential care facility,

20 (4) Additional space in an existing group housing or residential care facility of more than 800
21 gross square feet,

22 (5) New construction of a non-residential use, or

23 (6) Additional non-residential space in excess of 800 gross square feet in an existing structure.

1 (c) Fee Calculation for the Market and Octavia Community Improvement Impact Fee. For
 2 development projects for which the Market and Octavia Community Improvements Impact Fee is
 3 applicable:

4 (1) Any net addition of gross square feet shall pay per the Fee Schedule in Table 421.3A, and

5 (2) Any replacement of gross square feet or change of use shall pay per the Fee Schedule in
 6 Table 421.3B.

1 ~~(b) Amount of Market and Octavia Community Infrastructure Impact Fees; Timing of~~
2 ~~Payment. The sponsor shall pay Market and Octavia Community Infrastructure Impact Fees of the~~
3 ~~following amounts:~~

4 ~~(1) Unless a Waiver Agreement has been executed, prior to the issuance by DBI of the first~~
5 ~~construction document for a residential development project, or residential component of a mixed use~~
6 ~~project within the Program Area, a \$10.00 Community Infrastructure Impact Fee in the Market and~~
7 ~~Octavia Plan Area, as described in (a) above, for the Market and Octavia Community Improvements~~
8 ~~Fund, for each net addition of occupiable square feet which results in an additional residential unit or~~
9 ~~contributes to a 20 percent increase of residential space from the time that Section 421.1 et seq. is~~
10 ~~adopted.~~

11 ~~(2) Unless a Waiver Agreement has been executed, prior to the issuance by DBI of the first~~
12 ~~construction document for a non-residential development project, or non-residential component of a~~
13 ~~mixed use project within the Program Area, a \$4.00 Community Improvement Impact Fee in the Market~~
14 ~~and Octavia Plan Area, as described in (a) above, for the Market and Octavia Community~~
15 ~~Improvements Fund for each net addition of occupiable square feet which results in an additional non-~~
16 ~~residential capacity that is beyond 20 percent of the non-residential capacity at the time that Section~~
17 ~~421.1 et seq. is adopted.~~

18 ~~(c) Fee Adjustments.~~

19 ~~(1) Inflation Adjustments. The Controller may make annual adjustments of the development~~
20 ~~fees for inflation in accordance with Section 409 of this Article. The Market and Octavia Community~~
21 ~~Infrastructure Impact Fee adjustments should be based on the following factors: (a) the percentage~~
22 ~~increase or decrease in the cost to acquire real property for public park and open space use in the area~~
23 ~~and (b) the percentage increase or decrease in the construction cost of providing these and other~~
24 ~~improvements listed in Section 421.1(E). Fluctuations in the construction market can be gauged by~~
25 ~~indexes such as the Engineering News Record or a like index. Revision of the fee should be done in~~

1 coordination with revision to other like fees, such as those detailed in Sections 247, 414, 414, 415, 418,
2 and 419 of this Code. The Planning Department shall provide notice of any fee adjustment including
3 the formula used to calculate the adjustment, on its website and to any interested party who has
4 requested such notice at least 30 days prior to the adjustment taking effect.

5 (2) ~~Program Adjustments. Upon Planning Commission and Board approval adjustments~~
6 ~~may be made to the fee to reflect changes to (a) the list of planned community improvements listed in~~
7 ~~Section 421.1(D); (b) re-evaluation of the nexus based on new conditions; or (c) further planning work~~
8 ~~which recommends a change in the scope of the community improvements program. Changes may not~~
9 ~~be made to mitigate temporary market conditions. Notwithstanding the foregoing, it is the intent of the~~
10 ~~Board of Supervisors that it is not committing to the implementation of any particular project at this~~
11 ~~time and changes to, additions, and substitutions of individual projects listed in the related program~~
12 ~~document can be made without adjustment to the fee rate or Section 421.1 et seq. as those individual~~
13 ~~projects are placeholders that require further public deliberation and environmental review.~~

14 (3) ~~Unless and until an adjustment has been made, the schedule set forth in this Section~~
15 ~~421.1 et seq. shall be deemed to be the current and appropriate schedule of development impact fees.~~

16 (d) Option for In-Kind Provision of Community ImprovementsInfrastructure and Fee
17 Credits. Project sponsors may propose to directly provide community improvements to the City. In
18 such a case, the City may enter into an In-Kind Improvements Agreement with the sponsor and issue a
19 fee waiver for the Market and Octavia Community Improvements Impact Fee from the Planning
20 Commission, subject to the following rules and requirements:

21 (1) Approval criteria. The City shall not enter into an In-Kind Agreement unless the
22 proposed in-kind improvements meet an identified community need and where they substitute for
23 improvements that could be provided by the Market and Octavia Community Improvements Fund (as
24 described in Section 421.5). The City may reject in-kind improvements if they are not consistent with
25 the priorities identified in the Market and Octavia Area Plan, by the Interagency Plan Implementation

1 Committee (see Section 36 of the Administrative Code), the Market and Octavia Citizens Advisory
2 Committee, or other prioritization processes related to Market and Octavia community improvements
3 programming. No physical improvement or provision of space otherwise required by the Planning
4 Code or any other City Code shall be eligible for consideration as part of this In-Kind Improvements
5 Agreement.

6 (2) Valuation. The Director of Planning shall determine the appropriate value of the
7 proposed in-kind improvements. For the purposes of calculating the total value, the project sponsor
8 shall provide the Planning Department with a cost estimate for the proposed in-kind improvement(s)
9 from two independent sources or, if relevant, real estate appraisers. If the City has completed a
10 detailed site-specific cost estimate for a planned improvement this may serve as one of the cost
11 estimates provided it is indexed to current cost of construction.

12 (3) Content of the In-Kind Improvements Agreement. The In-Kind Improvements Agreement
13 shall include at least the following items:

14 (i) A description of the type and timeline of the proposed in-kind improvements.

15 (ii) The appropriate value of the proposed in-kind improvement, as determined in subsection
16 (2) above.

17 (iii) The legal remedies in the case of failure by the project sponsor to provide the in-kind
18 improvements according to the specified timeline and terms in the agreement. Such remedies shall
19 include the method by which the City will calculate accrued interest.

20 (4) Approval Process. The Planning Commission must approve the material terms of an In-
21 Kind Agreement. Prior to the parties executing the Agreement, the City Attorney must approve the
22 agreement as to form and to substance. The Director of Planning is authorized to execute the
23 Agreement on behalf of the City. If the Planning Commission approves the In-Kind Agreement, it shall
24 waive the amount of the Market and Octavia Community Improvements Impact Fee by the value of the
25 proposed In-Kind Improvements Agreement as determined by the Director of Planning. No credit shall

1 be made for land value unless ownership of the land is transferred to the City or a permanent public
2 easement is granted, the acceptance of which is at the sole discretion of the City. The maximum value
3 of the In-Kind Improvements Agreement shall not exceed the required Market and Octavia Community
4 Improvements Impact Fee.

5 (5) Administrative Costs. Project sponsors that pursue an In-Kind Improvements Agreement
6 will be billed time and materials for any administrative costs that the Planning Department or any
7 other City entity incurs in negotiating, drafting, and monitoring compliance with the In-Kind
8 Improvements Agreement.

9 The Planning Commission may reduce the Market and Octavia Community Infrastructure
10 Impact Fee owed for specific development projects in cases where a project sponsor has entered into
11 an In-Kind Agreement with the City to provide In-Kind improvements in the form of streetscaping,
12 sidewalk widening, neighborhood open space, community center, and other improvements that result in
13 new public infrastructure and facilities described in Section 421.1(E)(a) or similar substitutes. For the
14 purposes of calculating the total value of In-Kind community improvements, the project sponsor shall
15 provide the Department with a cost estimate for the proposed In-Kind community improvements from
16 two independent contractors or, if relevant, real estate appraisers. If the City has completed a detailed
17 site specific cost estimate for a planned community improvement this may serve as one of the cost
18 estimates, required by this clause; if such an estimate is used it must be indexed to current cost of
19 construction. Based on these estimates, the Director shall determine their appropriate value and the
20 Commission may reduce the Community Infrastructure Impact Fee assessed to that project
21 proportionally. Approved In-Kind improvements should generally respond to priorities of the
22 community, or fall within the guidelines of approved procedures for prioritizing projects in the Market
23 and Octavia Community Improvements Program. Open space or streetscape improvements, including
24 off-site improvements per the provisions of this Special Use District, proposed to satisfy the usable
25 open space requirements of Section 135 and 138 of this Code are not eligible for credit toward the

1 ~~contribution as In-Kind improvements. No credit toward the contribution may be made for land value~~
2 ~~unless ownership of the land is transferred to the City or a permanent public easement is granted, the~~
3 ~~acceptance of which is at the sole discretion of the City. A permanent easement shall be valued at no~~
4 ~~more than 50% of appraised fee simple land value, and may be valued at a lower percentage as~~
5 ~~determined by the Director of Planning in his or her sole discretion. Any proposal for contribution of~~
6 ~~property for public open space use shall follow the procedures of Subsection (6)(D) below. The~~
7 ~~Commission may reject In-Kind improvements if they do not fit with the priorities identified in the plan,~~
8 ~~by the Interagency Plan Implementation Committee (see Section 36 of the Administrative Code), the~~
9 ~~Market and Octavia Citizens Advisory Committee (Section 341.5) or other prioritization processes~~
10 ~~related to Market and Octavia Community Improvements Programming.~~

11 (e) Option for Financing of Community Improvements or Payment of the Market and
12 Octavia Community ~~Improvements~~Infrastructure Impact Fee via a Mello Roos Community
13 Facilities District ("CFD").
14 Applicants may finance In-Kind Community Improvements (subject to subsection (e) above) or
15 payment of the Market and Octavia Community ~~Improvements~~Infrastructure Impact Fee (subject
16 to subsection (c) above) through the formation of a CFD. ~~Applicants who do so shall be~~
17 ~~responsible for any additional time and materials costs associated with annexation or~~
18 ~~formation of the CFD, including Planning Department staff, City Attorney time, and other costs~~
19 ~~associated with annexation or formation of the CFD. These costs shall be paid in addition to~~
20 ~~the In-Kind Community Improvements obligation and billed no later than expenditure of CFD~~
21 ~~bond funds promptly following satisfaction of the In-Kind Agreement or payment of the Market~~
22 ~~and Octavia Community ~~Improvements~~Infrastructure Impact Fee. In the case of failure by the~~
23 ~~project sponsor to provide Community Facilities Districts funds to the City according to the~~
24 ~~specified timeline and terms in the agreement, the project sponsor shall be responsible for~~
25 ~~paying to the City the full Fee described in (e) above plus interest (accrued since the date of~~

1 first site permit) at a rate not less than that earned by the City's investment pool over such
2 period as calculated by the City Controller.

3 (f) Timing of Fee Payments. The Market and Octavia Community Improvements Impact Fee
4 is due and payable to the Development Fee Collection Unit at DBI prior to issuance of the first
5 construction document, with an option for the project sponsor to defer payment to prior to issuance of
6 the first certificate of occupancy upon agreeing to pay a deferral surcharge that would be paid into the
7 appropriate fund in accordance with Section 107A.13.3 of the San Francisco Building Code.

8 (g) Waiver or Reduction.

9 Development projects may be eligible for a waiver or reduction of impact fees, per Section 406
10 of this Article. Additionally, Applicants that are subject to the downtown parks fee, Section 139,
11 can reduce their contribution to the Market and Octavia Community Improvements Fund by
12 one dollar for every dollar that they contribute to the downtown parks fund, the total fee waiver
13 or reduction granted through this clause shall not exceed 8.2 percent of calculated
14 contribution for residential development or 13.8 percent for commercial development.

15 **SEC. 421.5. MARKET AND OCTAVIA COMMUNITY IMPROVEMENTS FUND.**

16 (a) There is hereby established a separate fund set aside for a special purpose
17 entitled the Market and Octavia Community Improvements Fund ("Fund"). All monies
18 collected by DBI pursuant to Section 421.3(b) shall be deposited in a special fund maintained
19 by the Controller. The receipts in the Fund to be used solely to fund community improvements
20 subject to the conditions of this Section.

21 (b) The Fund shall be administered by the Board of Supervisors.

22 (1) All monies deposited in the Fund shall be used to design, engineer, acquire, and
23 develop and improve neighborhood open spaces, pedestrian and streetscape improvements,
24 community facilities, childcare facilities, and other improvements that result in new publicly-

1 accessible facilities and related resources within the Market and Octavia Plan Area or within
 2 250 feet of the Plan Area, in accordance with Table 421.5A.

Funds may be used for childcare facilities that are not publicly owned or "publicly-accessible". Funds generated for 'library resources' should be used for materials at the Main Library, the Eureka Valley Library, or other library facilities that directly service Market and Octavia Residents. Funds may be used for additional studies and fund administration as detailed in the Market and Octavia Community Improvements Program Document. These improvements shall be consistent with the Market and Octavia Civic Streets and Open Space System as described in Map 4 of the Market and Octavia Area Plan of the General Plan, and any Market and Octavia Improvements Plan. Monies from the Fund may be used by the Planning Commission to commission economic analyses for the purpose of revising the fee pursuant to Section 421.3(c) above, to complete an updated nexus study to demonstrate the relationship between development and the need for public facilities if this is deemed necessary.

(2) No portion of the Fund may be used, by way of loan or otherwise, to pay any administrative, general overhead, or similar expense of any public entity, except for the purposes of administering this fund. Administration of this fund includes time and materials associated with reporting requirements, facilitating the Market and Octavia Citizens Advisory Committee meetings, and maintenance of the fund. Total expenses associated with administration of the fund shall not exceed the proportion calculated in Table 2 3 (above). All interest earned on this account shall be credited to the Market and Octavia Community Improvements Fund.

(c) With full participation by the Planning Department and related implementing agencies the Controller's Office shall file an annual report with the Board of Supervisors beginning 180 days after the last day of the fiscal year of the effective date of Section 421.1 et seq., which shall include the following elements: (1) a description of the type of fee in each

1 account or fund; (2) Amount of the fee; (3) Beginning and ending balance of the accounts or
2 funds including any bond funds held by an outside trustee; (4) Amount of fees collected and
3 interest earned; (5) Identification of each public improvement on which fees or bond funds
4 were expended and amount of each expenditure; (6) An identification of the approximate date
5 by which the construction of public improvements will commence; (7) A description of any
6 inter-fund transfer or loan and the public improvement on which the transferred funds will be
7 expended; and (8) Amount of refunds made and any allocations of unexpended fees that are
8 not refunded.

9 (d) A public hearing shall be held by the Recreation and Parks Commissions to elicit
10 public comment on proposals for the acquisition of property using monies in the Fund in the
11 Fund or through agreements for financing In-Kind Community Improvements via a Mello-Roos
12 Community Facilities District that will ultimately be maintained by the Department of
13 Recreation and Parks. Notice of public hearings shall be published in an official newspaper at
14 least 20 days prior to the date of the hearing, which notice shall set forth the time, place, and
15 purpose of the hearing. The Parks Commissions may vote to recommend to the Board of
16 Supervisors that it appropriate money from the Fund for acquisition of property for park use
17 and for development of property acquired for park use.

18 (e) The Planning Commission shall work with other City agencies and commissions,
19 specifically the Department of Recreation and Parks, DPW, and the Metropolitan
20 Transportation Agency, to develop agreements related to the administration of the
21 improvements to existing and development of new public facilities within public rights-of-way
22 or on any acquired property designed for park use, using such monies as have been allocated
23 for that purpose at a hearing of the Board of Supervisors.

1 (f) The Director of Planning shall have the authority to prescribe rules and
2 regulations governing the Fund, which are consistent with this Section 421.1 et seq. The
3 Director shall make recommendations to the Board regarding allocation of funds.

4 **SEC. 421.7. TRANSPORTATION STUDIES AND FUTURE FEES.**

5 (a) Purpose. Studies conducted by the City including the Transit Impact
6 Development Fee nexus study, the ongoing Eastern Neighborhoods studies, and others
7 indicate that new residential development and the creation of new *commercial non-residential* or
8 residential parking facilities negatively impact the City's transportation infrastructure and
9 services. The purpose of this Section is to authorize a nexus study establishing the impact of
10 new residential development and new parking facilities, in nature and amount, on the City's
11 transportation infrastructure and parking facilities and, if justified, to impose impact fees on
12 residential development and projects containing parking facilities.

13 (b) Timing. No later than October 15, 2008, the City shall initiate a study as
14 described below. The agencies described in subsection (c) shall develop a comprehensive
15 scope and timeline of this study which will enable the Board of Supervisors to pursue policy
16 recommendations through the legislative process as soon as twelve months after the study's
17 initiation.

18 (c) Process. The study shall be coordinated by the Municipal Transportation Agency
19 (MTA) and the City Attorney's Office. The study shall build on existing Nexus Study work
20 including recently published nexus studies for parks and recreation, childcare facilities, the
21 existing Transit Development Impact Fee Nexus Study, and all relevant area plan nexus
22 analysis. The MTA shall coordinate with all relevant government agencies including the San
23 Francisco County Transportation Authority, the Planning Department, the Mayor's Office of
24 Housing, the Controller's Office, the City Attorney's Office and the City Administrator by
25 creating a task force that meets regularly to discuss the study and resultant policy and

1 program recommendations. The MTA shall hire consultants as deemed appropriate to
2 complete the technical analysis.

3 (d) Scope. The study shall determine the impact, in nature and amount, of new
4 residential development and new parking facilities, including new individual parking spaces,
5 on transportation infrastructure and services within the City and County of San Francisco. The

7 recommendations. The study shall make policy and/or program a recommendations to the
8 Board of Supervisors on the most appropriate mechanisms for funding new transportation
9 infrastructure and services including but not limited to new residential transit impact fees and
10 new parking impact fees.

11 (e) Springing Condition Projects Subject to Future Fees, Based on the findings of
12 the above-referenced is study the City anticipates that the Board may adopt new impact fees
13 to offset the impact of new parking facilities and residential development on San Francisco's
14 transportation network. As the Market and Octavia Plan Area is one of the first transit oriented
15 neighborhood plans in the City and County of San Francisco the City should strive for a
16 successful coordination of transit oriented development with adequate transportation
17 infrastructure and services. All residential and ~~commercial~~ non-residential development projects
18 in the Market and Octavia Plan Area that receive Planning Department or Commission
19 approval on or after the effective date of this Section shall be subject to any future Citywide or
20 Plan-specific parking impact fees or residential transit impact fees that are established before
21 the project receives a first certificate of occupancy. The Planning Department and Planning
22 Commission shall make payment of any future residential transit impact fee or parking impact
23 fee a condition of approval of all projects in the Market and Octavia Plan Area that receive
24 Planning Department or Commission approval on or after the effective date of this Section,
25 with the following maximum amounts;

1 (1) Parking Impact fee no more than \$5.00 per square foot of floor area dedicated to
2 parking.

3 (2) Transit Impact fee no more than \$9.00 per square foot of residential and
4 ~~commercial~~ non-residential floor area.

1 (de) Option for In-Kind Provision of Community Improvements and Fee Credits.

2 Project sponsors may propose to directly provide community improvements to the City. In such a case,
3 the City may enter into an In-Kind Improvements Agreement with the sponsor and issue a fee waiver
4 for the Balboa Park Impact Fee from the Planning Commission, subject to the following rules and
5 requirements:

6 (1) Approval criteria. The City shall not enter into an In-Kind Agreement unless the
7 proposed in-kind improvements meet an identified community need as analyzed in the Balboa Park
8 Community Improvements Program and where they substitute for improvements that could be provided
9 by the Balboa Park Community Improvements Fund (as described in Section 422.5). The City may
10 reject in-kind improvements if they are not consistent with the priorities identified in the Balboa Park
11 Area Plan, by the Interagency Plan Implementation Committee (see Section 36 of the Administrative
12 Code), or other prioritization processes related to Balboa Park community improvements
13 programming. No physical improvement or provision of space otherwise required by the Planning
14 Code or any other City Code shall be eligible for consideration as part of this In-Kind Improvements
15 Agreement.

16 (2) Valuation. The Director of Planning shall determine the appropriate value of the
17 proposed in-kind improvements. For the purposes of calculating the total value, the project sponsor
18 shall provide the Planning Department with a cost estimate for the proposed in-kind improvement(s)
19 from two independent sources or, if relevant, real estate appraisers. If the City has completed a
20 detailed site-specific cost estimate for a planned improvement this may serve as one of the cost
21 estimates provided it is indexed to current cost of construction.

22 (3) Content of the In-Kind Improvements Agreement. The In-Kind Improvements Agreement
23 shall include at least the following items:

24 (i) A description of the type and timeline of the proposed in-kind improvements.

1 (ii) The appropriate value of the proposed in-kind improvement, as determined in subsection
2 (2) above.

3 (iii) The legal remedies in the case of failure by the project sponsor to provide the in-kind
4 improvements according to the specified timeline and terms in the agreement. Such remedies shall
5 include the method by which the City will calculate accrued interest.

6 (4) Approval Process. The Planning Commission must approve the material terms of an In-
7 Kind Agreement. Prior to the parties executing the Agreement, the City Attorney must approve the
8 agreement as to form and to substance. The Director of Planning is authorized to execute the
9 Agreement on behalf of the City. If the Planning Commission approves the In-Kind Agreement, it shall
10 wave the amount of the Balboa Park Impact Fee by the value of the proposed In-Kind Improvements
11 Agreement as determined by the Director of Planning. No credit shall be made for land value unless
12 ownership of the land is transferred to the City or a permanent public easement is granted, the
13 acceptance of which is at the sole discretion of the City. The maximum value of the In-Kind
14 Improvements Agreement shall not exceed the required Balboa Park Impact Fee.

15 (5) Administrative Costs. Project sponsors that pursue an In-Kind Improvements Agreement
16 will be billed time and materials for any administrative costs that the Planning Department or any
17 other City entity incurs in negotiating, drafting, and monitoring compliance with the In-Kind
18 Improvements Agreement.

19 The Commission may reduce the Balboa Park Community Improvements Impact Fee owed for
20 specific development projects in cases where the Director has recommended approval and the project
21 sponsor has entered into an In-Kind Improvements Agreement with the City. In-kind improvements may
22 be accepted if they are prioritized in the Plan, meet identified community needs as analyzed in the
23 Balboa Park Community Improvements Program, and serve as a substitute for improvements funded by
24 impact fee revenue such as street improvements, transit improvements, and community facilities. Open
25 space or streetscape improvements proposed to satisfy the usable open space requirements of Section

1 ~~135 are not eligible as in-kind improvements. No proposal for In-kind improvements shall be accepted~~
2 ~~that does not conform to the criteria above. Project sponsors that pursue In-kind Improvements~~
3 ~~Agreements with the City will be charged time and materials for any additional administrative costs~~
4 ~~that the Department or any other City agency incurs in processing the request.~~

5 ~~(1) — The Balboa Park Community Impact Fee may be reduced by the total dollar value of the~~
6 ~~community improvements provided through an In-kind Improvements Agreement recommended by the~~
7 ~~Director and approved by the Commission. For the purposes of calculating the total value, the project~~
8 ~~sponsor shall provide the Department with a cost estimate for the proposed in-kind improvement(s)~~
9 ~~from two independent sources or, if relevant, real estate appraisers. If the City has completed a~~
10 ~~detailed site-specific cost estimate for a planned improvement this may serve as one of the cost~~
11 ~~estimates provided it is indexed to current cost of construction. Based on these estimates, the Director~~
12 ~~shall determine the appropriate value of the in-kind improvements and the Commission shall reduce the~~
13 ~~Balboa Park Community Improvements Impact Fee otherwise due by an equal amount shall be made~~
14 ~~for land value unless ownership of the land is transferred to the City or a permanent public easement is~~
15 ~~granted, the acceptance of which is at the sole discretion of the City.~~

16 ~~(2) — All In-Kind Improvements Agreements shall require the project sponsor to reimburse all~~
17 ~~City agencies for their administrative and staff costs in negotiating, drafting, and monitoring~~
18 ~~compliance with the In-Kind Improvements Agreement. The City also shall require the project sponsor~~
19 ~~to provide a letter of credit or other instrument, acceptable in form and substance to the Department~~
20 ~~and the City Attorney, to secure the City's right to receive improvements as described above.~~

21 ~~(d) — The Department or Commission shall impose a condition on the approval of application~~
22 ~~for a development project subject to Section 422.1 et seq. The project sponsor shall supply all~~
23 ~~information to the Department or the Commission necessary to make a determination as to the~~
24 ~~applicability of Section 422.1 et seq. and imposition of the requirements.~~

1 ~~(ed)~~ Timing of Fee and Payments of Fee. The Balboa Park Impact Fee fee required by this
2 Section is due and payable to the Development Fee Collection Unit at DBI prior to issuance of
3 the first construction document for the development project deferred to prior to issuance of the
4 first certificate of occupancy pursuant to Section 107A.13.3.1 of the San Francisco Building
5 Code.

6 (f) Waiver or Reduction. Development projects may be eligible for a waiver or reduction of
7 impact fees, per Section 406 of this Article.

(~~d~~e) Option for In-Kind Provision of Community Improvements and Fee Credits.

Project sponsors may propose to directly provide community improvements to the City. In such a case, the City may enter into an In-Kind Improvements Agreement with the sponsor and issue a fee waiver for the Eastern Neighborhoods Infrastructure Impact Fee from the Planning Commission, subject to the following rules and requirements:

(1) Approval criteria. The City shall not enter into an In-Kind Agreement unless the proposed in-kind improvements meet an identified community need as analyzed in the Eastern Neighborhoods Community Improvements Program and where they substitute for improvements that could be provided by the Eastern Neighborhoods Community Improvements Fund (as described in Section 423.5). The City may reject in-kind improvements if they are not consistent with the priorities identified in the Eastern Neighborhoods Area Plans (Central Waterfront, East SoMa, Mission, and Showplace Square/Potrero Hill), by the Interagency Plan Implementation Committee (see Section 36 of the Administrative Code), the Eastern Neighborhoods Citizens Advisory Committee, or other prioritization processes related to Eastern Neighborhoods Citizens community improvements programming. No physical improvement or provision of space otherwise required by the Planning Code or any other City Code shall be eligible for consideration as part of this In-Kind Improvements Agreement.

(2) Valuation. The Director of Planning shall determine the appropriate value of the proposed in-kind improvements. For the purposes of calculating the total value, the project sponsor shall provide the Planning Department with a cost estimate for the proposed in-kind improvement(s) from two independent sources or, if relevant, real estate appraisers. If the City has completed a

1 detailed site-specific cost estimate for a planned improvement this may serve as one of the cost
2 estimates provided it is indexed to current cost of construction.

3 (3) Content of the In-Kind Improvements Agreement. The In-Kind Improvements Agreement
4 shall include at least the following items:

5 (i) A description of the type and timeline of the proposed in-kind improvements.

6 (ii) The appropriate value of the proposed in-kind improvement, as determined in subsection
7 (2) above.

8 (iii) The legal remedies in the case of failure by the project sponsor to provide the in-kind
9 improvements according to the specified timeline and terms in the agreement. Such remedies shall
10 include the method by which the City will calculate accrued interest.

11 (4) Approval Process. The Planning Commission must approve the material terms of an In-
12 Kind Agreement. Prior to the parties executing the Agreement, the City Attorney must approve the
13 agreement as to form and to substance. The Director of Planning is authorized to execute the
14 Agreement on behalf of the City. If the Planning Commission approves the In-Kind Agreement, it shall
15 waive the amount of the Eastern Neighborhoods Infrastructure Impact Fee by the value of the proposed
16 In-Kind Improvements Agreement as determined by the Director of Planning. No credit shall be made
17 for land value unless ownership of the land is transferred to the City or a permanent public easement is
18 granted, the acceptance of which is at the sole discretion of the City. The maximum value of the In-Kind
19 Improvements Agreement shall not exceed the required Eastern Neighborhoods Infrastructure Impact
20 Fee.

21 (5) Administrative Costs. Project sponsors that pursue an In-Kind Improvements Agreement
22 will be billed time and materials for any administrative costs that the Planning Department or any
23 other City entity incurs in negotiating, drafting, and monitoring compliance with the In-Kind
24 Improvements Agreement.

1 ~~The Commission may reduce the Eastern Neighborhoods Infrastructure Impact Fee owed for~~
2 ~~specific development projects in cases where the Director has recommended approval and the project~~
3 ~~sponsor has entered into an In Kind Improvements Agreement with the City. In kind improvements may~~
4 ~~be accepted if they are prioritized in the Plan, meet identified community needs as analyzed in the~~
5 ~~Eastern Neighborhoods Needs Assessment, and serve as a substitute for improvements funded by~~
6 ~~impact fee revenue such as public open spaces and recreational facilities, transportation and transit~~
7 ~~service, streetscapes or the public realm, and community facility space. Open space or streetscape~~
8 ~~improvements proposed to satisfy the usable open space requirements of Section 135 are not eligible as~~
9 ~~in-kind improvements. No proposal for In-kind improvements shall be accepted that does not conform~~
10 ~~to the criteria above. Project sponsors that pursue In-kind Improvement Agreements with the City will~~
11 ~~be charged time and materials for any additional administrative costs that the Department or any other~~
12 ~~City agency incurs in processing the request.~~

13 ~~(1) The Eastern Neighborhoods Infrastructure Impact Fee may be reduced by the total~~
14 ~~dollar value of the community improvements provided through the In-kind Improvements Agreement~~
15 ~~recommended by the Director and approved by the Commission. For the purposes of calculating the~~
16 ~~total value, the project sponsor shall provide the Department with a cost estimate for the proposed in-~~
17 ~~kind Public Benefits from two independent sources or, if relevant, real estate appraisers. If the City has~~
18 ~~completed a detailed site-specific cost estimate for a planned improvement this may serve as one of the~~
19 ~~cost estimates provided it is indexed to current cost of construction. Based on these estimates, the~~
20 ~~Director shall determine the appropriate value of the in-kind improvements and the Commission may~~
21 ~~reduce the Eastern Neighborhoods Infrastructure Impact Fee otherwise due by an equal amount. No~~
22 ~~credit shall be made for land value unless ownership of the land is transferred to the City or a~~
23 ~~permanent public easement is granted, the acceptance of which is at the sole discretion of the City.~~

24 ~~(2) All In-Kind Improvements Agreements shall require the project sponsor to reimburse all~~
25 ~~city agencies for their administrative and staff costs in negotiating, drafting, and monitoring~~

1 ~~compliance with the In-Kind Improvements Agreement. The City also shall require the project sponsor~~
2 ~~to provide a letter of credit or other instrument, acceptable in form and substance to the Planning~~
3 ~~Department and the City Attorney, to secure the City's right to receive improvements as described~~
4 ~~above.~~

5 (e) Timing of Fee Payments. The Eastern Neighborhoods Infrastructure Impact Fee is due
6 and payable to the Development Fee Collection Unit at DBI prior to issuance of the first construction
7 document, with an option for the project sponsor to defer payment to prior to issuance of the first
8 certificate of occupancy upon agreeing to pay a deferral surcharge that would be paid into the
9 appropriate fund in accordance with Section 107A.13.3 of the San Francisco Building Code.

10 ~~(fd) Waiver or Reduction of Fees. The provisions for waiver or reduction of fees are set~~
11 ~~forth in Section 406 of this Article. Development projects may be eligible for a waiver or reduction of~~
12 ~~impact fees, per Section 406 of this Article. Additionally, In addition to those provisions project~~
13 sponsors with a development project located within an applicable San Francisco
14 Redevelopment Project Area may reduce their required contribution to the Eastern
15 Neighborhoods Public Benefits Fund by half of any total sum that they would otherwise be
16 required to pay under this Section, if the sponsor

17 (1A) has filed its first application, including an environmental evaluation application or
18 any other Planning Department or Building Department application before the effective date of
19 Section 423.1 et seq. and

20 (2B) provides the Zoning Administrator with written evidence, supported in writing by
21 the San Francisco Redevelopment Agency, that demonstrates the annual tax increment which
22 could be generated by the proposed project would support a minimum future bonding capacity
23 equal to \$10,000,000 or greater.

24 **SEC. 423.5. THE EASTERN NEIGHBORHOODS PUBLIC BENEFITS FUND.**

1 (a) There is hereby established a separate fund set aside for a special purpose
2 entitled the Eastern Neighborhoods Public Benefits Fund ("Fund"). All monies collected by the
3 Development Fee Collection Unit at DBI pursuant to Section 423.3(b) shall be deposited in a
4 special fund maintained by the Controller. The receipts in the Fund to be used solely to fund

12 development within the Eastern Neighborhoods Plan Area. Funds may be used for childcare
13 facilities that are not publicly owned or "publicly-accessible". Funds generated for 'library
14 resources' should be used for materials in branches that directly service Eastern
15 Neighborhoods residents. Monies from the Fund may be used by the Planning Commission to
16 commission economic analyses for the purpose of revising the fee, and/or to complete an
17 updated nexus study to demonstrate the relationship between development and the need for
18 public facilities if this is deemed necessary.

19 (2) Funds may be used for administration and accounting of fund assets, for
20 additional studies as detailed in the Eastern Neighborhoods Public Benefits Program
21 Document, and to defend the Community Stabilization fee against legal challenge, including
22 the legal costs and attorney's fees incurred in the defense. Administration of this fund includes
23 time and materials associated with reporting requirements, facilitating the Eastern
24 Neighborhoods Citizens Advisory Committee meetings, and maintenance of the fund. All
25

1 interest earned on this account shall be credited to the Eastern Neighborhoods Public
2 Benefits Fund.

3 (c) Funds shall be deposited into specific accounts according to the improvement
4 type for which they were collected. Funds from a specific account may be used towards a

16 affordable housing preservation and development shall be expended on housing programs
17 and projects within the Mission Area Plan boundaries.

18 B. All funds collected from projects in the MUR that are earmarked for affordable
19 housing preservation and development shall be expended on housing programs and projects
20 shall be expended within the boundaries of 5th to 10th Streets/Howard to Harrison Streets.

21 C. Collectively, the first \$10 million in housing fees collected between the two
22 Designated Affordable Housing Zones shall be utilized for the acquisition and rehabilitation of
23 existing housing.

24 (3) All funds are supported by the Eastern Neighborhoods Nexus Studies, San
25 Francisco Planning Department, Case No. 2004.0160, and monitored according to the

1 Eastern Neighborhoods Area Plans Monitoring Program required by the Administrative Code
 2 Section 10E and detailed by separate resolution.
