[Directing the San Francisco Public Utilities Commission to create and implement a city-wide program to track water usage, water conservation, and use of recycled water use by City Departments]

7/26/07

Resolution directing the San Francisco Public Utilities Commission to create and implement a city-wide program to track water usage, water conservation, and recycled water use by City Departments.

WHEREAS, Water conservation requires the participation of all water users, including City Departments; and

WHEREAS, On June 11, the Public Utilities Commission passed a resolution to create a working group whose mission will be to develop recommendations that the San Francisco Public Utilities Commission will advocate for passage at the Board of Supervisors, including conservation programs for all rate paying customers, including but not limited to commercial users and City Departments; and,

WHEREAS, City Departments, particularly the Recreation and Park Department and the Department of Public Works, use large quantities of water; and,

WHEREAS, tracking water use is a necessary first step to understand how City Departments can best conserve water; and

WHEREAS, The City lacks a city-wide program to track water usage, water conservation, and recycled water use by City Department; now, therefore, be it

RESOLVED, That the Board of Supervisors directs the San Francisco Public Utilities Commission to create and implement a city-wide program to track water usage, water conservation, and recycled water use by City Departments by December 1, 2007; and, be it
