1 Section 1. Environmental and Land Use Findings.

2 (a) ~~The Planning Department has determined~~ Board of Supervisors finds that the
3 actions contemplated in this ordinance ~~comply with the California Environmental Quality Act~~
4 ~~(California Public Resources Code Sections 21000 et seq.)~~ are not a project under Sections
5 15060(c) and 15378 of the CEQA Guidelines (implementing the California Environmental
6 Quality Act, California Public Resources Code Sections 21000 et seq.), because they do not
7 result in a physical change in the environment. ~~Said determination is on file with the Clerk of~~
8 ~~the Board of Supervisors in File No. _____ and is incorporated herein by reference.~~
9 ~~The Board affirms this determination.~~

10 (b) On _____, the Planning Commission, in Resolution No. _____,
11 adopted findings that the actions contemplated in this ordinance are consistent, on balance,
12 with the City's General Plan and eight priority policies of Planning Code Section 101.1. The
13 Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of
14 the Board of Supervisors in File No. _____, and is incorporated herein by reference.

15 The Board of Supervisors finds that the actions contemplated in this ordinance are
16 consistent, on balance, with the City's General Plan, as follows:

17 (1) Urban Design Element Objective 1: Emphasis of the characteristic pattern
18 which gives to the City and its neighborhoods an image, a sense of purpose, and a means of
19 orientation.

20 Policy 1.3: Recognize that buildings, when seen together, produce a total effect
21 that characterizes the city and its districts.

22 This ordinance serves to preserve a neighborhood's identifying physical identity
23 by encouraging more modest increases and expansions of existing homes and directing the
24 Planning Commission to consider the impact of proposed projects on the existing
25 neighborhood context and potential impacts on historic resources.

1 (2) Housing Element Objective 2: Retain existing housing units, and promote
2 safety and maintenance standards, without jeopardizing affordability.

3 Policy 2.1: Discourage the demolition of sound existing housing, unless the
4 demolition results in a net increase in affordable housing.

5 This ordinance ensures that large single-family home construction or expansions
6 that convert existing affordable housing into extremely large and expensive units are not
7 approved without careful consideration, and will additionally promote more modest increases
8 in the size and cost of existing units as well as the creation of new modestly sized and more
9 affordable units in neighborhood RH districts.

10 (c) The Board finds that the actions contemplated in this ordinance are consistent,
11 on balance, with the eight priority policies of Planning Code Section 101.1, as follows:

12 (1) Priority Policy 1: That existing neighborhood-serving retail uses be
13 preserved and enhanced and future opportunities for resident employment in and ownership
14 of such businesses enhanced.

15 The ordinance would not have a negative effect on neighborhood serving retail
16 uses or a negative effect on opportunities for resident employment in and ownership of
17 neighborhood-serving retail.

18 (2) Priority Policy 2: That existing housing and neighborhood character be
19 conserved and protected in order to preserve the cultural and economic diversity of our
20 neighborhoods.

21 The ordinance would not have a negative effect on housing or neighborhood
22 character.

23 (3) Priority Policy 3: That the City's supply of affordable housing be
24 preserved and enhanced.

25 The ordinance would not have an adverse effect on the City's supply of

1 affordable housing.

2 (4) Priority Policy 4: That commuter traffic not impede MUNI transit service
3 or overburden our streets or neighborhood parking.

4 The ordinance would not result in commuter traffic impeding MUNI transit
5 service or overburdening the streets or neighborhood parking.

6 (5) Priority Policy 5: That a diverse economic base be maintained by
7 protecting our industrial and service sectors from displacement due to commercial office
8 development, and that future opportunities for resident employment and ownership in these
9 sectors be enhanced.

10 The ordinance would not cause displacement of the industrial or service sectors
11 due to office development, and future opportunities for resident employment or ownership in
12 these sectors would not be impaired.

13 (6) Priority Policy 6: That the City achieve the greatest possible
14 preparedness to protect against injury and loss of life in an earthquake.

15 The ordinance would not have an adverse effect on City's preparedness against
16 injury and loss of life in an earthquake.

17 (7) Priority Policy 7: That the landmarks and historic buildings be preserved.
18 The ordinance would not have an adverse effect on the City's Landmarks and
19 historic buildings.

20 (8) Priority Policy 8: That our parks and open space and their access to
21 sunlight and vistas be protected from development;

22 The ordinance would not have an adverse effect on the City's parks and open
23 space and their access to sunlight and vistas.

24 (de) Pursuant to Planning Code Section 302, the Board of Supervisors finds, for the
25 reasons set forth in subsection (c) above, that the amendments to the Planning Code set forth

1 in this ordinance serve the public necessity, convenience, and welfare. Pursuant to Planning
2 Code Section 302, this Board of Supervisors finds that this Planning Code amendment will
3 serve the public necessity, convenience, and welfare for the reasons set forth in Planning
4 Commission Resolution No. _____, and the Board adopts such reasons as its own.
5 A copy of said resolution is on file with the Clerk of the Board of Supervisors in File No.
6 _____ and is incorporated herein by reference.

7
