14 Section 1. Background.

15 (a) Terms used in this ordinance shall have the meaning set forth in Administrative
16 Code Chapter 19B ("Chapter 19B").

17 (b) Chapter 19B regulates City Departments' acquisition and use of Surveillance
18 Technology. Under Section 19B.5, City Departments that possessed or were using
19 Surveillance Technology before Chapter 19B took effect in July 2019, must obtain Board of
20 Supervisors approval by ordinance of a Surveillance Policy for each type of existing
21 Surveillance Technology. Under Section 19B.2, a Department must obtain Board of
22 Supervisors approval by ordinance of a Surveillance Technology Policy before: (1) seeking
23 funds for Surveillance Technology; (2) acquiring or borrowing new Surveillance Technology;
24 (3) using new or existing Surveillance Technology for a purpose, in a manner, or in a location
25 not specified in a Surveillance Technology Policy ordinance approved by the Board in
accordance with Chapter 19B; (4) entering into agreement with a non-City entity to acquire,

1 share, or otherwise use Surveillance Technology; or (5) entering into an oral or written
2 agreement under which a non-City entity or individual regularly provides the Department with
3 data or information acquired through the entity's use of Surveillance Technology.

4 (c) Under Section 19B.2(b), the Board of Supervisors may approve a Surveillance
5 Technology Policy ordinance under Section 19B.2(a) only if: (1) the Department seeking
6 Board of Supervisors approval first submits to the Committee on Information Technology
7 ("COIT") a Surveillance Impact Report for the Surveillance Technology to be acquired or
8 used; (2) based on the Surveillance Impact Report, COIT develops a Surveillance Technology
9 Policy for the Surveillance Technology to be acquired or used by the Department; and (3) at a
10 public meeting at which COIT considers the Surveillance Technology Policy, COIT
11 recommends that the Board of Supervisors adopt, adopt with modifications, or decline to
12 adopt the Surveillance Technology Policy for the Surveillance Technology to be acquired or
13 used.

14 (d) Under Section 19B.4, the City policy is that the Board of Supervisors will approve a
15 Surveillance Technology Policy ordinance only if it determines that the benefits that the
16 Surveillance Technology Policy ordinance authorizes outweigh its costs, that the Surveillance
17 Technology Policy ordinance will safeguard civil liberties and civil rights, and that the uses and
18 deployments of the Surveillance Technology under the ordinance will not be based upon
19 discriminatory or viewpoint-based factors or have a disparate impact on any community or
20 Protected Class\.

21 (e) On July 27, 2021, the Board of Supervisors approved the Police Department's
22 Surveillance Technology Policy for Automatic License Plate Readers in Ordinance No. 116-21
23 and made the required findings.
