Section 1. FINDINGS.

(a) The Planning Department has determined that the actions contemplated in this
 Ordinance comply with the California Environmental Quality Act (California Public Resources
 Code Section 21000 et seq.). Said determination is on file with the Clerk of the Board of
 Supervisors in File No. 120631 and is incorporated herein by reference.

(b) Pursuant to Planning Code Section 302, this Board finds that the Planning Code amendments will serve the public necessity, and welfare for the reasons set forth in Planning Commission Resolution No. 18697 and the Board incorporates such reasons herein by reference. A copy of Planning Commission Resolution No. 18697 is on file with the Clerk of the Board of Supervisors in File No. 120631.

(c) This Board finds that these amendments are consistent with the General Plan and with the Priority Policies of Planning Code Section 101.1 for the reasons set forth in Planning Commission Resolution No. 18697, and the Board hereby incorporates such reasons herein by reference.

Section 2. The San Francisco Business and Tax Regulations Code is hereby amended by adding Section 609, to read as follows:

SEC. 609. PARKING SPACE OCCUPANCY TAX SIMPLIFICATION FOR RESIDENTIAL

PROPERTIES

(a) Findings.

(1) San Francisco's parking tax generates revenue for the City's general fund, which in turn funds the provision of many vital services for residents.

(2) Any person who rents parking space in a Parking Station, as defined in Article 9 of the Business and Tax Regulations Code, must collect parking tax from the individual parking the car

and remit it to the City. Current City law treats large commercial operators of garages and small property owners the same for purposes of this tax.

(3) It is estimated that hundreds, if not thousands, of small property owners rent at least one parking space to non-residents, but do not register with the City or collect and remit parking tax.

(4) Many small property owners are ignorant of the legal requirements.

(5) Some small property owners may wish to comply with the law, but fear substantial

tax liabilities, including penalties and interest, and therefore, do not come forward.

(6) The City desires to maximize the collection of required taxes.

(7) Therefore, in order to encourage small property owners to come forward, to register with the City, and to start collecting parking tax, this Ordinance will forgive taxes owed earlier than 24 months prior to the effective date of the Ordinance for tax periods ending before April 1,

<u>2011.</u>

(8) The Board of Supervisors finds that by providing a period of amnesty and by simplifying the registration process, many small property owners will begin to comply with the law, resulting in an overall increase in tax revenue remitted to the City.

Section 4. The Planning Code is hereby amended by amending Section 150 to read as follows:

SEC. 150. OFF-STREET PARKING AND LOADING REQUIREMENTS.

(a) **General.** This Article 1.5 is intended to assure that off-street parking and loading facilities are provided in amounts and in a manner that will be consistent with the objectives and policies of the San Francisco General Plan, as part of a balanced transportation system that makes suitable provision for walking, cycling, public transit, private vehicles, and the movement of goods. With respect to off-street parking, this Article is intended to require

facilities where needed but discourage excessive amounts of automobile parking, to avoid adverse effects upon surrounding areas and uses, and to encourage effective use of walking, cycling, and public transit as alternatives to travel by private automobile.

(b) **Spaces Required.** Off-street parking and loading spaces, according to the requirements stated in this Article 1.5, shall be provided for any structure constructed, and any use established, whether public or private, after the original effective date of any such requirement applicable to such structure or use.

(c) Additions to Structure and Uses.

(1) For any structure or use lawfully existing on such effective date, off-street parking and loading spaces need be provided only in the case of a major addition to such structure or use, and only in the quantity required for the major addition itself. Any lawful deficiency in off-street parking or loading spaces existing on such effective date may be carried forward for the structure or use, apart from such major addition.

(2) For these purposes, a "major addition" is hereby defined as any enlargement, alteration, change of occupancy or increase in intensity of use which would increase the number of off-street parking spaces required for dwelling units by two or more spaces; which would increase the number of off-street parking spaces required for uses other than dwelling units by at least 15 percent or by at least five spaces, whichever is greater; or which would increase the requirement for off-street loading spaces by at least 15 percent.

(3) Successive additions made after the effective date of an off-street parking or loading requirement shall be considered cumulative, and at the time such additions become major in their total, off-street parking and loading spaces shall be provided as required for such major addition.

(d) **Spaces to be Retained.** Once any off-street parking or loading space has been provided which wholly or partially meets the requirements of this Code, such off-street parking

Page 8 9/18/2012 or loading space shall not thereafter be reduced, eliminated or made unusable in any manner; provided, however, that in the Outer Clement Neighborhood Commercial District a maximum of one off-street parking space may be used for the storage of materials for a commercial use if the commercial use is on a lot contiguous to the lot on which the parking space is located and if access between the commercial use and the storage is available without the use of a public sidewalk or other public right-of-way and if the storage occurred prior to 1985. Any required residential parking space may be leased or rented on a monthly basis *to serve the resident of any dwelling unit within 1,250 feet of said parking space*, as provided under Section 204.5(b)(1) of this Code, and such lease or rental shall not be considered a reduction or elimination of required spaces.

(e) **Parking in Excess of the Maximum Permitted.** Any off-street parking space or spaces which existed lawfully at the effective date of this Section and which have a total number in excess of the maximum permitted off-street parking spaces permitted under Section 151.1 shall be considered noncomplying features pursuant to Section 180(a)(2) and shall be regulated as set forth in Section188.

Section 5. The Planning Code is hereby amended by amending Section 204.5 to read as follows:

SEC. 204.5. PARKING AND LOADING AS ACCESSORY USES.

In order to be classified as an accessory use, off-street parking and loading shall meet all of the following conditions:

(a) Such parking or loading facilities shall be located on the same lot as the structure or use served by them. (For provisions concerning required parking on a separate lot as a principal or conditional use, see Sections 156, 159, 160 and 161 of this Code.)

(b) Unless rented on a monthly basis to serve a dwelling unit *within 1,250-feet*-pursuant to Section 204.5(b)(1), below, accessory parking facilities for any dwelling in any R District shall be limited, further, to storage of private passenger automobiles, private automobile trailers and boats, and trucks of a rated capacity not exceeding ³/₄ ton. Notwithstanding any provision of this Code to the contrary, the following shall be permitted as an accessory use:

(1) Lease, of lawfully existing off-street residential parking spaces by the property owner or manager, for <u>a</u> term of no less than one month, of a lawfully existing off-street parking space that is required or permitted to serve a dwelling unit on the same lot, is permitted as follows: (<u>A</u>) for use by any resident of a dwelling unit located on a different lot within 1,250 feet of such parking space, or (<u>B</u>) for use by any resident of a dwelling unit located on a different lot within the City and County of San Francisco so long as no more than five (5) spaces are rented to those who live beyond 1,250 feet of such parking space.

(c) Accessory parking facilities shall include only those facilities which do not exceed the following amounts for a structure, lot or development: three spaces where one space is required by this Code; four spaces where two spaces are required by this Code; 150 percent of the required number of spaces where three or more spaces are required by this Code; and, in all districts other than NC, 15 spaces or seven percent of the total gross floor area of the structure or development, whichever is greater, or in NC Districts, three spaces, where no off-street parking spaces are required by this Code. For purposes of calculation under the last provision just stated, gross floor area shall be as defined by this Code, and the area considered to be devoted to parking shall be only the parking spaces and aisles, excluding entrance and exit driveways and ramps. Off-street parking facilities which exceed the amounts stated in this Subsection (c) shall be classified as either a principal or a conditional use, depending upon the use provisions applicable to the district in which such facilities are

located. This subsection (c) does not apply to districts subject to Section 151.1, which establishes maximum amounts of accessory parking for all uses in those districts.
