19 Section 1. Findings.

20 (a) The Planning Department, in a letter dated October 31, 2016, found the actions
21 contemplated in this ordinance consistent with the General Plan and in conformance with the
22 eight priority policies of Planning Code Section 101.1. A copy of said letter is on file with the
23 Clerk of the Board of Supervisors in File No. 170554 and is incorporated herein by reference.
24 The Board of Supervisors adopts as its own the findings in said letter.

25 (b) In the same letter, the Planning Department found that the actions contemplated in
this ordinance were evaluated in the Transit Center District Plan and Transit Tower Final

1 Environmental Impact Report (FEIR), certified by the Planning Commission by Motion No.
2 18628, on May 24, 2012. The Board of Supervisors hereby affirms this determination,
3 incorporates it by reference herein, and adopts it as its own.

4 (c) On May 24, 2012, the Planning Commission, by Motion No. 18629, adopted
5 approval findings pursuant to the California Environmental Quality Act, including a statement
6 of overriding considerations and a mitigation monitoring and reporting program. A copy of
7 Planning Commission Motion No. 18629, including its attachment and mitigation monitoring
8 and reporting program, is on file with the Clerk of the Board in File No. 120665.

9 (d) On July, 31, 2012, by Ordinance No. 182-12, the Board of Supervisors approved,
10 among other approvals, amendments to the Planning Code to implement the Transit Center
11 District Plan, including the proposed project, and in so doing adopted the Planning
12 Commission's environmental findings, including a statement of overriding considerations and
13 a mitigation monitoring and reporting program, as its own. Said findings are on file with the
14 Clerk of the Board of Supervisors in File No. 120665 and are incorporated herein by
15 reference.

16 (e) The Board has reviewed and considered the FEIR and the record as a whole, and
17 finds that the FEIR is adequate for its use as the decision making body for the action taken
18 herein. The FEIR is on file with the Clerk of the Board of Supervisors in File No. 120696 and is
19 incorporated herein by reference.

20 (f) The Board finds that since the FEIR was finalized, there have been no substantial
21 project changes and no substantial changes in project circumstances that would require major
22 revisions to the FEIR due to the involvement of new significant environmental effects or an
23 increase in the severity of previously identified significant impacts, and there is no new
24 information of substantial importance that would change the conclusions set forth in the FEIR.

1 (g) The Public Works Director issued Public Works' Order No. 185948, dated May 9,
2 2017, including sidewalk width change drawing Q-20-889, regarding the actions in this
3 ordinance. The proposed sidewalk changes are associated with the Transit Center District
4 Plan and Transit Center Tower, and specifically the development of the proposed project at
5 101 First Street (also referred to as the Transbay Tower or Salesforce Tower), and are
6 intended to promote pedestrian safety and comfort and to enhance predicted pedestrian traffic
7 circulation around the future Transbay Terminal. A copy of said Order is on file with the Clerk
8 of the Board of Supervisors in File No. 170554, and is incorporated herein by reference.
